

REBUILD for a

STRONGER FUTURE

GET TRIPLE REBATES ON PURCHASES OF NEW NATURAL GAS EQUIPMENT

IT TAKES A COMMUNITY.

As part of our community, CenterPoint Energy wants to help make tomorrow a better place.

If your business was adversely affected as a result of the widespread property damage that happened in the Twin Cities area in 2020 and 2021, you could be eligible to receive **triple rebates, no-cost energy evaluation services, and additional incentives when you choose to rebuild with energy efficiency in mind.**

Enroll online to see if your business qualifies.

Enrollment must be completed before December 31, 2021. CenterPoint Energy wants to help you get back in business faster and more efficient than ever.

LOWER EMISSIONS. REDUCED COSTS. TRIPLE REBATES.

Get triple the money back when you rebuild with new, more energy-efficient natural gas equipment.

- Boilers
- Water heaters
- Boiler system components
- Commercial foodservice equipment
- Commercial laundry equipment
- Industrial process equipment
- Various other heating systems

ENROLL TODAY AT [CenterPointEnergy.com/REBUILD](https://www.CenterPointEnergy.com/REBUILD)

Terms and Conditions: Rebate cannot exceed the cost of the equipment. Some residential locations may be eligible. Please contact us to determine applicable program. Once enrollment is approved, keep the code received via email. Once equipment is installed, use the code to complete the proper rebate application found at [CenterPointEnergy.com/REBUILD](https://www.CenterPointEnergy.com/REBUILD). Allow six to eight weeks from rebate application submission for rebate check.

Dec. 31, 2021: Deadline for enrollment.

June 1, 2020 – July 1, 2022: Customer must purchase and install equipment within these dates.

July 1, 2022: Deadline for customer rebate application.
