DEFINITIONS

Except where the context requires otherwise, the following terms shall have the meanings defined below when used in this Tariff for Gas Service:

Abbreviations:

Btu	– British Thermal Unit
Ccf	– Hundred Cubic Feet
Cf	– Cubic Foot
Cfh	– Cubic Feet per Hour
Dth	– Ten therms or One Dekatherm
FERC	– Federal Energy Regulatory Commission
GCA	– Gas Cost Adjustment
IURC	– Indiana Utility Regulatory Commission
Mcf	– Thousand Cubic Feet
OUC	– Indiana Office of Utility Consumer Counselor
PSIG	– Pounds per Square Inch Gauge

Alternate Fuel – The form of energy used by Customer in place of Gas Service during Curtailment periods. Gas Service provided by Company under another Rate Schedule shall not qualify as an Alternate Fuel.

Annual Usage – Customer's actual total gas usage for the most recent twelve consecutive billing months, or Company's estimate of Customer's total gas usage for the next twelve consecutive billing months if actual usage information is not available.

Bill – An itemized list or statement of fees and charges for Gas Service, Contracts Services, or other services provided by Company. A Bill may be rendered by mail or by electronic means.

British Thermal Unit – The average amount of heat necessary to increase the temperature of one pound of water by 1° Fahrenheit in the temperature range of 32° to 212° Fahrenheit at 14.73 pounds per square inch absolute pressure.

Btu Adjustment Factor – The average Btu content of gas supplied to Customer, as determined periodically by Company, which is applied to Customer's metered volumetric usage to determine therms usage for billing purposes.

Bypass – A direct or indirect interconnection of Customer's Premises with another supplier of gas service resulting in the displacement or substantial reduction in Gas Service provided by Company.

Cashout – The monetary settlement of over-delivery and under-delivery gas imbalances between Company and Pool Operators, School/Government Suppliers, or Transportation Customers.

Central Clock Time (CCT) – Central Daylight Time when daylight savings time is in effect and Central Standard Time when daylight savings time is not in effect.

Commercial Customer – Any Customer primarily engaged in wholesale or retail trade and services (including central heating and air conditioning facilities of apartment complexes), any local, state, and federal governmental agency, and any Customer not covered by another classification. When Gas Service is supplied through one meter to an apartment house or multiple unit dwelling, the service shall be classified as Commercial, in which case the applicable Non-Residential service Rate Schedule shall apply.

DEFINITIONS

Commission – The Indiana Utility Regulatory Commission.

Commission's Regulations – The Rules, Regulations, and Standards of Service for Gas Public Utilities in Indiana, as promulgated from time-to-time by the Commission.

Company – Indiana Gas Company, Inc. d/b/a CenterPoint Energy Indiana North (CEI North).

Company-Supplied Gas – Gas purchased by Company for resale to Customer.

Company's General Terms and Conditions – General Terms and Conditions Applicable to Gas Service, as amended from time-to-time, and as approved by the Commission as part of this Tariff for Gas Service.

Curtailement – The interruption or limitation of the Gas Service available to Customer pursuant to Company's Curtailement Procedures.

Curtailement Period – The period of time, as specified by Company, during which Gas Service is subject to Curtailement.

Curtailement Procedures – Rule 24 of Company's General Terms and Conditions.

Customer – Any individual, partnership, association, firm, public or private corporation, or any other entity receiving Gas Service provided by Company with its consent. A Customer shall include any person receiving Gas Service from Company irrespective of whether that person is the individual in whose name the Gas Service is being received.

Customer-Delivered Gas – Gas delivered by Customer, or on Customer's behalf, to Company's distribution system.

Daily Pipeline Nomination – Nomination made by Supplier, Non-Pooling Transportation Customer, or Pool Operators on pipeline's EBB indicating the quantity of gas being delivered to Company's city gate.

Daily Transportation Nomination – Nomination made by School/Government Supplier on Company's EBB indicating the quantity of gas being delivered to Company's city gate.

Directed Delivery Quantity (DDQ) – The daily quantity of gas in Dth that School/Government Supplier must deliver to Company's city gates, as specified by Company, to meet the Expected Demand of School/Government Supplier's Pool, adjusted for prior imbalances associated with volume reconciliations, operating constraints, system knowledge/experience, and Company's Unaccounted for Gas Percentage.

Educational Institution – An institution administering or providing educational programs from kindergarten through post-secondary level.

Electronic Bulletin Board (EBB) – Company's electronic communications software that facilitates nominations, confirmation, and other administrative functions associated with Transportation Service.

Expected Demand – A School/Government Supplier's Pool's forecasted usage for a particular gas day, as determined by Company.

Gas Cost Adjustment – Gas cost recovery process approved for the Company through various Commission orders, including the Commission's generic orders in Cause No. 37091.

DEFINITIONS

Gas Service – The availability of natural gas or a mixture of natural gas and other compatible gases at Company's point of delivery to Customer, irrespective of whether any such gas is actually consumed.

Government Entity – any non-Residential Customer who is an agency or entity of Federal, State, County, or Local Government.

Group 1 – Company's designation for a Customer served by a meter with rated capacity of 450 Cfh or less.

Group 2 – Company's designation for a Customer served by a meter with rated capacity of greater than 450 Cfh and less than 5,000 Cfh.

Group 3 – Company's designation for a Customer served by a meter with rated capacity of 5,000 Cfh or greater.

Heating Degree Day – A standard measure of the coldness of the temperatures experienced, based on the extent to which the daily mean temperature falls below a reference temperature of 65 degrees Fahrenheit.

Industrial Customer – A Customer primarily engaged in a process which creates or changes raw or unfinished materials into another form or product.

Interrupted-type Pilot Light – A pilot light, attached to Customer's alternate fuel equipment, that requires gas only during the flame-establishing period and is cut-off at the end of this period.

Interruptible Service – Gas Service subject to Curtailment and requiring Customer to maintain Alternate Fuel capability.

Maximum Daily Usage – Customer's maximum actual gas usage or Company's estimate of Customer's maximum gas usage for any 24 hour period.

Mobile Home Park – Residential development which includes ten or more permanent Mobile Home sites.

Non-Residential Customer – Any Customer that is not a Residential Customer.

Non-Gas Cost Revenue – Revenue received by Company from Customer excluding all costs recovered through the Gas Cost Adjustment.

Operating System – Any portion of Company's distribution system for which gas deliveries and gas demands must be balanced separately from other portions of the distribution system, due to operational and contractual limitations.

Operational Flow Order (OFO) – An order issued by the Company via its EBB, fax machine, or telephone directing Pool Operator, School/Government Supplier, or Transportation Customer to deliver specific quantities of gas via specific pipelines.

Pool – A group of Transportation Customers who have been aggregated by a Pool Operator or School/Government Supplier for gas supply management purposes.

DEFINITIONS

Pool Operator – A marketer, supplier, or Transportation Customer that provides gas supply management for a Pool.

Pool Operator-Delivered Gas – Gas delivered by a Pool Operator, or on Pool Operator's behalf, to Company's distribution system.

Pooling Agreement – An agreement between Company and Pool Operator that defines the mutual responsibilities and obligations of those parties relative to services provided under rate 280 – Pooling Service.

Premises – The main residence or living quarters for a Residential Customer, or the main building of a Commercial or Industrial Customer. The Premises shall include the outlying or adjacent buildings used by the same Customer, provided the use of Gas Service in the outlying or adjacent building(s) is supplemental to the Gas Service used in the main residence, main living quarters, or main building of Customer.

Rate Schedule – A Gas Service applicable to a particular classification of Customer with specific Availability, Applicability, Character of Service, Rates and Charges, and Terms and Conditions.

Residential Customer – Customer using Gas Service primarily for a single family dwelling unit, mobile home, apartment, or condominium.

Sales Customer – A Customer receiving Sales Service from Company.

Sales Service – Gas Service involving the delivery by Company to Customer of Company-Supplied Gas.

School/Government Supplier – A gas supplier that provides gas supply management for a Pool of Customers for which an Educational Institution or Government Entity is responsible for payment of rates and charges to Company.

School/Government Pooling Agreement – An agreement between Company and School/Government Supplier that defines the mutual responsibilities and obligations of those parties relative to services provided under Rate 285-School/Government Pooling Service.

School/Government Supplier-Delivered Gas – Gas delivered by a School/Government Supplier, or on behalf of a School/Government Supplier, to Company's distribution system.

School/Government Transportation Agreement – Written agreement between Company and Educational Institution or Government Entity defining Terms and Conditions of the Educational Institution or Government Entity's Gas Service.

Service Area – Areas in which Company has Gas Service available, or may offer Gas Service, as certified by the Commission.

Spaceheating Customer – Any Customer receiving Gas Service, any part of which Customer uses as fuel for the heating of some portion or all of Customer's Premises.

Summer Season – The months of April through October, inclusive.

Therm – 100,000 Btu.

Throughput – The sum of Sales and Transportation Service quantities.

Transportation Customer – A Customer receiving Transportation Service from Company.

DEFINITIONS

Transportation Service – Gas Service involving the delivery by Company to Customer of Customer-Delivered, School/Government Supplier-Delivered, or Pool Operator-Delivered gas.

Unapproved Use of Gas – Any use by Customer of Company-delivered gas that is inconsistent with Company's Tariff for Gas Service.

Winter Season – The months of November through March, inclusive.

RATE 210 **RESIDENTIAL SALES SERVICE**

AVAILABILITY

This Rate Schedule shall be available throughout Company's Service Area, subject to the availability of adequate facilities and gas supplies, which determinations shall be within Company's reasonable discretion.

APPLICABILITY

This Rate Schedule shall be applicable only to Residential Customers.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of Sales Service. Transportation Service is not provided under this Rate Schedule. Gas Service provided hereunder shall be metered and billed separately from Gas Service provided under any other Rate Schedule.

RATES AND CHARGES

The monthly Rates and Charges for Sales Service hereunder shall be:

Customer Facilities Charge:

\$16.26 per meter

Distribution Charge:

First 45 therms @ \$0.3019 per therm
Over 45 therms @ \$0.2116 per therm

Appendices:

The following Appendices shall be applied monthly, if applicable:

- Appendix A – Gas Cost Adjustment
- Appendix B – Normal Temperature Adjustment
- Appendix G – Universal Service Fund Rider
- Appendix H – Pipeline Safety Adjustment (Suspended)
- Appendix I – Energy Efficiency Rider
- Appendix K – Compliance and System Improvement Adjustment
- Appendix L – Tax Savings Credit Rider

Minimum Monthly Charge:

The Minimum Monthly Charge shall be the Customer Facilities Charge.

Other Charges:

The Other Charges set forth in Appendix C shall be charged to Customer, if applicable.

TERMS AND CONDITIONS

Gas Service under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

RATE 211 **UNMETERED GAS LIGHTING SALES SERVICE**

AVAILABILITY

This Rate Schedule is available only to those Customers described in the APPLICABILITY section of this Rate Schedule.

APPLICABILITY

This Rate Schedule shall be applicable only to those certain Customers who have continuously received unmetered gas lighting sales service since March 1, 1984, at the address and service connection as of that date.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of unmetered Sales Service for gas lighting fixtures attached directly to Company's distribution mains or services. Transportation Service is not provided under this Rate Schedule. Gas Service provided hereunder shall be billed separately from Gas Service provided under any other Rate Schedule. No other burners, apparatus, appliances, or equipment shall be piped or connected in any manner which will permit them to operate from the Gas Service provided under this Rate Schedule.

RATES AND CHARGES

The monthly Rates and Charges for Sales Service shall be:

Distribution Charge: \$3.64 per gas lighting fixture

Appendices:

The following Appendices shall be applied monthly, if applicable:

- Appendix A – Gas Cost Adjustment
- Appendix G – Universal Service Fund Rider
- Appendix H – Pipeline Safety Adjustment (Suspended)

Other Charges:

The Other Charges set forth in Appendix C shall be charged to Customer, if applicable.

TERMS AND CONDITIONS

Gas Service under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

RATE 220 **GENERAL SALES SERVICE**

AVAILABILITY

This Rate Schedule shall be available throughout Company's Service Area, subject to the availability of adequate facilities and gas supplies, which determinations shall be within Company's reasonable discretion.

APPLICABILITY

This Rate Schedule shall be applicable to any Non-Residential Customer, electing service hereunder, whose Annual Usage is less than 500,000 therms and whose Maximum Daily Usage is less than 15,000 therms.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of Sales Service. Transportation Service is not provided under this Rate Schedule. Gas Service provided hereunder shall be metered and billed separately from Gas Service provided under any other Rate Schedule.

RATES AND CHARGES

The monthly Rates and Charges for Sales Service hereunder shall be:

Customer Facilities Charge:

- Group 1: \$17.98
- Group 2: \$48.77
- Group 3: \$98.53

Distribution Charge:

- First 500 therms @ \$0.2361 per therm
- Over 500 therms @ \$0.2088 per therm

Appendices:

The following Appendices shall be applied monthly, if applicable:

- Appendix A – Gas Cost Adjustment
- Appendix B – Normal Temperature Adjustment
- Appendix G – Universal Service Fund Rider
- Appendix H – Pipeline Safety Adjustment (Suspended)
- Appendix I – Energy Efficiency Rider
- Appendix K – Compliance and System Improvement Adjustment
- Appendix L – Tax Savings Credit Rider

Minimum Monthly Charge:

The Minimum Monthly Charge shall be the Customer Facilities Charge.

Other Charges:

The Other Charges set forth in Appendix C shall be charged to Customer, if applicable.

RATE 220 GENERAL **SALES SERVICE**

CURTAILMENT

When sufficient capacity or quantities of gas are not available to Company to meet existing and reasonably anticipated demands of Customers or to protect and replenish Company's underground storage reserves, which determinations shall be within Company's reasonable discretion, Customer shall, as provided by Rule 24 and upon notice from Company, curtail use of gas to such extent and during such periods as Company shall specify.

Customer shall curtail gas usage in not more than two hours upon notice from Company directing Curtailment of Gas Service under this Rate Schedule.

Gas usage by Customer during a Curtailment period in excess of the quantity allowed shall be considered Unauthorized Gas Usage and shall be subject to the Unauthorized Gas Usage Charge set forth in Appendix C.

TERMS AND CONDITIONS

Gas Service under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

RATE 225

SCHOOL/GOVERNMENT TRANSPORTATION SERVICE

AVAILABILITY

This Rate Schedule shall be available throughout Company's Service Area, subject to the availability of adequate facilities, which determination shall be within Company's reasonable discretion.

APPLICABILITY

This Rate Schedule shall be applicable to any Non-Residential Customer

- 1) whose Annual Usage is less than 50,000 therms and
- 2) for which payment of rates and charges to Company is the responsibility of an Educational Institution or Government Entity, which elects service hereunder.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of Transportation Service. Gas Service provided hereunder shall be metered and billed separately from Gas Service provided under any other Rate Schedule.

RATES AND CHARGES

The monthly Rates and Charges for Gas Service hereunder shall be:

Customer Facilities Charge: Group 1:

Group 1: \$17.98

Group 2: \$48.77

Group 3: \$98.53

Distribution Charge:

First 500 therms @ \$0.2361 per therm

Over 500 therms @ \$0.2088 per therm

Appendices:

The following Appendices shall be applied monthly, if applicable:

- Appendix A – Gas Cost Adjustment
- Appendix B – Normal Temperature Adjustment
- Appendix G – Universal Service Fund Rider
- Appendix H – Pipeline Safety Adjustment (Suspended)
- Appendix I – Energy Efficiency Rider
- Appendix K – Compliance and System Improvement Adjustment
- Appendix L – Tax Savings Credit Rider

Related Charges:

Customer shall reimburse Company for all charges incurred on Customer's behalf in connection with transportation of gas for Customer's account, including any pipeline penalty charges or cashout provisions assessed to Company.

RATE 225

SCHOOL/GOVERNMENT TRANSPORTATION SERVICE

Minimum Monthly Charge:

The Minimum Monthly Charge shall be the Customer Facilities Charge.

Other Charges:

The Other Charges set forth in Appendix C shall be charged to Customer, if applicable.

Switching Charges:

Customer shall be charged \$9.85 per meter per switch for switching School/Government Suppliers more than once per calendar year.

CURTAILMENT

When sufficient capacity or quantities of gas are not available to Company to meet existing and reasonably anticipated demands of Customers or to protect and replenish Company's underground storage reserves, which determinations shall be within Company's reasonable discretion, Customer shall, as provided under Rule 24 of the General Terms and Conditions Applicable to Gas Service ("Rule 24") and upon notice from Company, curtail use of gas to such extent and during such periods as Company shall specify.

Customer must curtail gas usage in not more than two hours upon notice from Company directing Curtailment of Gas Service under this Rate Schedule.

Gas usage by Customer during a Curtailment period in excess of the quantity allowed shall be considered Unauthorized Gas Usage and shall be subject to the Unauthorized Gas Usage Charge set forth in Appendix C.

SCHOOL/GOVERNMENT TRANSPORTATION PROVISIONS

The following School/Government Transportation Provisions are applicable to Customers served under this Rate Schedule.

- (1) A School/Government Transportation Service Customer must become a member of a Pool pursuant to the provisions of Rate 285, School/Government Pooling Service. School/Government Supplier will be responsible for managing the Pool's gas supply. Customer shall enter into a School/Government Transportation Agreement with Company that designates its selected School/Government Supplier from a list of approved School/Government Suppliers that have signed School/Government Pooling Agreements with Company. Such elections will carry over from month to month unless Customer and School/Government Supplier notify Company of any change at least ten (10) business days prior to the start of a new month.
- (2) Customer's prior delinquencies must be cured prior to commencing participation in School/Government Transportation Service, unless otherwise agreed to in advance by Company. School/Government Transportation Service will be effective as of Customer's next read date.
- (3) In the event of default of the School/Government Supplier, Customer shall be returned to Sales Service or may designate another School/Government Supplier. Customer shall be liable for its portion of applicable charges owed by defaulting School/Government Suppliers, as determined by Company after review of all available facts and circumstances including documented deliveries and consumption.

RATE 225
SCHOOL/GOVERNMENT TRANSPORTATION SERVICE

- (4) To compensate for unaccounted for gas losses, the quantity of gas available to School/Government Transportation Customer on a daily basis shall be equal to the quantity of gas delivered to Company's distribution system at the point of receipt for the account of Customer, reduced by the Unaccounted For Gas Percentage as set forth in Appendix F.
- (5) A Customer that has voluntarily returned from School/Government Transportation Service to Sales Service must remain on Sales Service for not less than one year before returning to School/Government Transportation Service, unless expressly authorized by Company.
- (6) An Educational Institution or Government Entity must be a registered user of CenterPointEnergy.com to obtain historical usage information, and in order to obtain a single summary bill and remit a single monthly payment.

TERMS AND CONDITIONS

Gas Service under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

RATE 229 **NATURAL GAS VEHICLE SERVICE**

AVAILABILITY

This Rate Schedule is available only to those Customers described in the APPLICABILITY section of this Rate Schedule.

APPLICABILITY

This Rate Schedule shall be applicable to any Customer that elects to receive Gas Service under this Rate Schedule for the express and limited purpose of fueling a natural gas vehicle ("NGV").

CHARACTER OF SERVICE

Use of natural gas provided hereunder to a Customer-owned NGV facility is limited exclusively for the compression of such gas for use in fueling motorized vehicles and shall not be used by Customer for any other purpose. Gas Service provided hereunder from a designated Company-owned NGV facility is for the express and limited purpose of fueling natural gas vehicles by Customer.

This Rate Schedule applies to the provision of Sales Service. Transportation Service is not provided under this Rate Schedule. Gas Service provided hereunder shall be metered and billed separately from Gas Service provided under any other Rate Schedule.

RATES AND CHARGES

The monthly Rates and Charges for Sales Service hereunder shall be:

For Gas Service provided to a Customer-owned NGV facility:

Customer Facilities Charge:

\$24.53 per meter

Distribution Charge:

\$0.0516 per therm for all therms supplied.

For Gas Service provided from a designated Company-owned NGV facility:

Distribution Charge:

\$0.3948 per therm for all therms supplied.

Appendices:

The following Appendices shall be applied monthly:

- Appendix A – Gas Cost Adjustment
- Appendix G – Universal Service Fund Rider
- Appendix H – Pipeline Safety Adjustment (Suspended)
- Appendix K – Compliance and System Improvement Adjustment
- Appendix L – Tax Savings Credit Rider

Taxes:

Customer shall be responsible for and shall reimburse the Company for all taxes payable by Company to governmental entities on the sale of natural gas for use in providing NGV service.

RATE 229

NATURAL GAS VEHICLE SERVICE

Minimum Monthly Charge:

The Minimum Monthly Charge shall be the Customer Facilities Charge, if applicable.

Other Charges:

The Other Charges set forth in Appendix C shall be charged to Customer, if applicable.

CONTRACT

For Customers with Annual Usage greater than 250,000 therms, Customer shall enter into a written contract, which specifies the hourly and daily maximum gas requirements of Customer and any other terms reasonably required by Company. The Contract shall have an initial term of not less than one year and shall automatically extend for succeeding annual terms thereafter, subject to cancellation by either party after written notice submitted not less than ninety days prior to the end of the initial term or any succeeding annual term.

CURTAILMENT

When sufficient capacity or quantities of gas are not available to Company to meet existing and reasonably anticipated demands of Customers or to protect and replenish Company's underground storage reserves, which determinations shall be within Company's reasonable discretion, Customer shall, as provided by Rule 24 and upon notice from Company, curtail use of gas to such extent and during such periods as Company shall specify.

Customer shall curtail gas usage in not more than two hours upon notice from Company directing Curtailment of Gas Service under this Rate Schedule.

Gas usage by Customer during a Curtailment period in excess of the quantity allowed shall be considered Unauthorized Gas Usage and shall be subject to the Unauthorized Gas Usage Charge set forth in Appendix C.

TERMS AND CONDITIONS

Gas Service under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

RATE 240 **INTERRUPTIBLE SALES SERVICE**

AVAILABILITY

This Rate Schedule shall be available throughout Company's Service Area, subject to the availability of adequate facilities and gas supplies, which determinations shall be within Company's reasonable discretion. This Rate Schedule is closed to new customers.

APPLICABILITY

This Rate Schedule shall be applicable to any Non-Residential Customer that:

1. has an Annual Usage of less than 500,000 therms, and
2. has a Maximum Daily Usage of less than 15,000 therms, and
3. complies with the Alternate Fuel Capability Requirement of this Rate Schedule, and
4. enters into a written contract with Company to receive Gas Service under this Rate Schedule.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of Interruptible Sales Service. Transportation Service is not provided under this Rate Schedule. Gas Service provided hereunder shall be metered and billed separately from Gas Service provided under any other Rate Schedule.

RATES AND CHARGES

The monthly Rates and Charges for Sales Service hereunder shall be:

Customer Facilities Charge:

\$172.43 per customer

Distribution Charge:

First 2500 therms @ \$0.4093 per therm

Over 2500 therms @ \$0.1685 per therm

Appendices:

The following Appendices shall be applied monthly:

- Appendix A – Gas Cost Adjustment
- Appendix G – Universal Service Fund Rider
- Appendix H – Pipeline Safety Adjustment (Suspended)
- Appendix K – Compliance and System Improvement Adjustment
- Appendix L – Tax Savings Credit Rider

Minimum Monthly Charge:

The Minimum Monthly Charge shall be Customer Facilities Charge.

Other Charges:

The Other Charges set forth in Appendix C shall be charged to Customer, if applicable.

CONTRACT

Customer shall enter into a written contract which specifies the hourly and daily maximum gas requirements of Customer and any other terms reasonably required by Company. The contract shall have an initial term of not less than one year and shall automatically extend for succeeding annual terms thereafter, subject to cancellation by either party after written notice submitted not less than ninety days prior to the end of the initial term or any succeeding annual term. The contract shall specify the Alternate Fuel to be used by Customer during Curtailment periods.

RATE 240 **INTERRUPTIBLE SALES SERVICE**

ALTERNATE FUEL CAPABILITY REQUIREMENT

Customer shall be obligated to continuously provide and maintain on the Premises Alternate Fuel equipment and Alternate Fuel storage facilities and shall make necessary contractual arrangements for maintenance and replenishment of such Alternate Fuel capability sufficient to satisfy, during periods of Curtailment, all demands of Customer normally met by Gas Service provided under this Rate Schedule. Alternate Fuel capability is not required if Customer has no gas demands during the months of December, January, and February.

Company shall have the right to require a test Curtailment for verifying Customer's compliance with the Alternate Fuel Capability Requirement of this Rate Schedule, each such Curtailment lasting not more than forty-eight hours. However, Company shall be under no obligation to require such a test. If Customer does not demonstrate compliance with the requirements set forth in this section, Company shall be entitled to discontinue Gas Service to Customer under this Rate Schedule until Customer demonstrates compliance to Company's satisfaction.

CURTAILMENT

When sufficient capacity or quantities of gas are not available to Company to meet existing and reasonably anticipated demands of Customers or to protect and replenish Company's underground storage reserves, which determinations shall be within Company's reasonable discretion, Customer shall, as provided by Rule 24 and upon notice from Company, curtail use of gas to such extent and during such periods as Company shall specify.

Customer shall curtail gas usage in not more than two hours upon notice from Company directing Curtailment of Gas Service under this Rate Schedule.

Only Interrupted-type Pilot Lights shall be provided Gas Service under this Rate Schedule during periods of Curtailment.

Gas usage by Customer during a Curtailment period in excess of the quantity allowed shall be considered Unauthorized Gas Usage and shall be subject to the Unauthorized Gas Usage Charge set forth in Appendix C.

TERMS AND CONDITIONS

Gas Service under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

RATE 245

LARGE GENERAL TRANSPORTATION SERVICE

AVAILABILITY

This Rate Schedule shall be available throughout Company's Service Area, subject to the availability of adequate facilities, which determination shall be within Company's reasonable discretion.

APPLICABILITY

This Rate Schedule shall be applicable to any Non-Residential Customer that:

1. has an Annual Usage of greater than or equal to 25,000 therms and less than 500,000 therms,
2. has a Maximum Daily Usage of less than 15,000 therms,
3. complies with the Measurement Requirement section of this Rate Schedule, and
4. enters into a written contract with Company to receive Gas Service under this Rate Schedule.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of Transportation Service. Interim Supply Service as described below may also be provided under this Rate Schedule, at Company's sole discretion. Gas Service provided hereunder shall be metered and billed separately from Gas Service provided under any other Rate Schedule.

RATES AND CHARGES

The monthly Rates and Charges for Gas Service hereunder shall be:

Customer Facilities Charge:

\$201.99 per customer

Distribution Charge:

Applicable to all therms delivered to Customer during the billing month.

First 2500 therms @ \$0.1763 per therm

Over 2500 therms @ \$0.0799 per therm

Appendices:

The following Appendices shall be applied monthly:

- Appendix A – Gas Cost Adjustment
- Appendix G – Universal Service Fund Rider
- Appendix H – Pipeline Safety Adjustment (Suspended)
- Appendix K – Compliance and System Improvement Adjustment
- Appendix L – Tax Savings Credit Rider

Telemetry Charge: Any new Customers as of November 18, 2021 served hereunder who use between 25,000 therms and 50,000 therms annually will be subject to a monthly telemetry charge of \$2.96 per month.

Related Charges:

Customer shall reimburse Company for all charges incurred on Customer's behalf in connection with transportation of gas for Customer's account, including any pipeline penalty charges or cashout provisions assessed to Company.

Nomination and Balancing Provisions Charges:

The various Charges and Cashouts set forth in Appendix E shall be charged to Customer, if applicable.

Minimum Monthly Charge:

The Minimum Monthly Charge shall be the Customer Facilities Charge.

Effective: July 1, 2022

RATE 245

LARGE GENERAL TRANSPORTATION SERVICE

Other Charges –

The Other Charges set forth in Appendix C shall be charged to Customer, if applicable.

CONTRACT

Customer shall enter into a written contract which specifies the hourly and daily maximum gas requirements of Customer and any other terms reasonably required by Company. The contract shall have an initial term of not less than one year and shall automatically extend for succeeding annual terms thereafter, subject to cancellation by either party after written notice submitted not less than ninety days prior to the end of the initial term or any succeeding annual term.

UNACCOUNTED FOR GAS PERCENTAGE

To compensate for unaccounted for gas losses, the quantity of gas available to Customer on a daily basis shall be equal to the quantity of gas delivered to Company's distribution system at the point of receipt for the account of Customer, reduced by the Unaccounted For Gas Percentage as set forth in Appendix F.

NOMINATION AND BALANCING PROVISIONS

Customer shall be subject to the provisions set forth in Appendix E.

MEASUREMENT REQUIREMENT

For purposes of permitting daily meter reading, Company shall, where available, install, provide, and maintain cellular equipment and service on Customer's Premises. Until such time that cellular service is installed, or where cellular service is otherwise unavailable, Customer shall install, provide, and maintain on the Premises at a location specified by Company such telephone equipment and service as required for Company's gas measurement equipment and related communications equipment. If Customer's telephone line is deemed inadequate or unreliable for purposes of providing measurement data, and cellular service is unavailable, Company may require Customer to provide a dedicated telephone line in order to continue Transportation Service under this Rate Schedule.

Company shall post preliminary Customer usage throughout the month on its Gas Tracking System ("GTS") as soon as practicable the day after the end of the Gas Day, and the Company will endeavor to do so by 10:30 a.m. Central Clock Time. Preliminary Customer usage will be posted on a best efforts basis and, even in the absence of such posting, shall not be considered reflective of the actual usage to be used for billing purposes.

If the measurement equipment fails to register or registers incorrectly, Company will estimate as accurately as is practicable, the quantity of gas delivered. Customer will pay for Gas Service provided based on such estimate(s), in accordance with the terms and provisions of this Tariff for Gas Service.

CURTAILMENT

When sufficient capacity or quantities of gas are not available to Company to meet existing and reasonably anticipated demands of Customers or to protect and replenish Company's underground storage reserves, which determinations shall be within Company's reasonable discretion, Customer shall, as provided by Rule 24 and upon notice from Company, curtail use of gas to such extent and during such periods as Company shall specify.

Customer shall curtail gas usage in not more than two hours upon notice from Company directing Curtailment of Gas Service under this Rate Schedule.

Gas usage by Customer during a Curtailment period in excess of the quantity allowed shall be considered Unauthorized Gas Usage and shall be subject to the Unauthorized Gas Usage Charge set forth in Appendix C.

RATE 245
LARGE GENERAL TRANSPORTATION SERVICE

INTERIM SUPPLY SERVICE

Company may provide Interim Supply Service in the event Customer is temporarily unable to obtain supply from supplier or Pool Operator. Company will provide such service on an interruptible month- to-month basis for a term as determined by Company. Customer shall be responsible for meeting all creditworthiness requirements as determined by Company, including, without limitation, pre-payment to Company for gas supply. Customer must execute a written agreement with Company to effectuate this service and service will not begin prior to the execution date of such agreement.

TERMS AND CONDITIONS

Gas Service under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

RATE 260

LARGE VOLUME TRANSPORTATION SERVICE

AVAILABILITY

This Rate Schedule shall be available throughout Company's Service Area, subject to the availability of adequate facilities, which determinations shall be within Company's reasonable discretion.

APPLICABILITY

This Rate Schedule shall be applicable to any Non-Residential Customer that:

1. has an Annual Usage of 500,000 therms or greater, or has a Maximum Daily Usage of 15,000 therms or greater, or uses No. 6 fuel oil as an Alternate Fuel, and
2. complies with the Measurement Requirement section of this Rate Schedule, and
3. has entered into a written contract with Company to receive Gas Service under this Rate Schedule.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of Transportation Service. Interim Supply Service as described below may also be provided under this Rate Schedule, at Company's sole discretion. Gas Service provided hereunder shall be metered and billed separately from Gas Service provided under any other Rate Schedule.

RATES AND CHARGES

The monthly Rates and Charges for Gas Service hereunder shall be:

Customer Facilities Charge:

\$1,083.87 per customer

Distribution Charge:

Applicable to all therms delivered to Customer during the Billing Month.

First 50,000 therms @ \$0.0579 per therm

Next 250,000 therms @ \$0.0454 per therm

Over 300,000 therms @ \$0.0303 per therm

Appendices:

The following Appendices shall be applied monthly:

- Appendix A – Gas Cost Adjustment
- Appendix G – Universal Service Fund Rider
- Appendix H – Pipeline Safety Adjustment (Suspended)
- Appendix K – Compliance and System Improvement Adjustment
- Appendix L – Tax Savings Credit Rider

Related Charges:

Customer shall reimburse Company for all charges incurred on Customer's behalf in connection with transportation of gas for Customer's account, including any gas costs, pipeline penalty charges, or Cashout provisions assessed to Company.

Nomination and Balancing Provisions Charges:

The various Charges and Cashouts set forth in Appendix E shall be charged to Customer, if applicable.

Minimum Monthly Charge:

The Minimum Monthly Charge shall be the Customer Facilities Charge.

Other Charges:

The Other Charges set forth in Appendix C shall be charged to Customer, if applicable.

RATE 260 **LARGE VOLUME TRANSPORTATION SERVICE**

CONTRACT

Customer shall enter into a written contract with Company, which specifies the hourly and daily maximum gas requirements of Customer and any other terms reasonably required by Company. The contract shall have an initial term of not less than one year and shall automatically extend for succeeding annual terms thereafter, subject to cancellation by either party after written notice submitted not less than ninety days prior to the end of the initial term or any succeeding annual term.

UNACCOUNTED FOR GAS PERCENTAGE

To compensate for unaccounted for gas, the quantity of gas available to Customer on a daily basis shall be equal to the quantity of gas delivered to Company's distribution system at the point of receipt for the account of Customer, reduced by the Unaccounted For Gas Percentage as set forth in Appendix F.

NOMINATION AND BALANCING PROVISIONS

Customer shall be subject to the provisions set forth in Appendix E.

MEASUREMENT REQUIREMENT

For purposes of permitting daily meter reading, Company shall, where available, install, provide, and maintain cellular equipment and service on Customer's Premises. Until such time that cellular service is installed, or where cellular service is otherwise unavailable, Customer shall install, provide, and maintain on the Premises at a location specified by Company such telephone equipment and service as required for Company's gas measurement equipment and related communications equipment. If Customer's telephone line is deemed inadequate or unreliable for purposes of providing measurement data, and cellular service is unavailable, Company may require Customer to provide a dedicated telephone line in order to continue Transportation Service under this Rate Schedule.

Company shall post preliminary Customer usage throughout the month on its Gas Tracking System ("GTS") as soon as practicable the day after the end of the Gas Day, and the Company will endeavor to do so by 10:30 a.m. Central Clock Time. Preliminary Customer usage will be posted on a best efforts basis and, even in the absence of such posting, shall not be considered reflective of the actual usage to be used for billing purposes.

If the measurement equipment fails to register or registers incorrectly, Company will estimate as accurately as is practicable, the quantity of gas delivered. Customer will pay for Gas Service provided based on such estimate(s), in accordance with the terms and provisions of this Tariff for Gas Service.

CURTAILMENT

When sufficient capacity or quantities of gas are not available to Company to meet existing and reasonably anticipated demands of Customers or to protect and replenish Company's underground storage reserves, which determinations shall be within Company's reasonable discretion, Customer shall, as provided under Rule 24 and upon notice from Company, curtail use of gas to such extent and during such periods as Company shall specify.

Customer must curtail interruptible gas usage in not more than two hours upon notice from Company directing Curtailment of Gas Service under this Rate Schedule.

Gas usage by Customer during a Curtailment period in excess of the quantity allowed shall be considered Unauthorized Gas Usage and shall be subject to the Unauthorized Gas Usage Charge set forth in Appendix C.

RATE 260 **LARGE VOLUME TRANSPORTATION SERVICE**

INTERIM SUPPLY SERVICE

Company may provide Interim Supply Service in the event Customer is temporarily unable to obtain supply from supplier or Pool Operator. Company will provide such service on an interruptible month-to-month basis for a term as determined by Company. Customer shall be responsible for meeting all creditworthiness requirements as determined by Company, including, without limitation, pre-payment to Company for gas supply. Customer must execute a written agreement with Company to effectuate this service and service will not begin prior to the execution date of such agreement.

TERMS AND CONDITIONS

Gas Service under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

RATE 270

LONG-TERM CONTRACT SERVICE

AVAILABILITY

Availability of Gas Service under this Rate Schedule shall be determined by Company on a case-by-case basis, which determination shall be within Company's reasonable discretion. Gas Service hereunder shall also be subject to the prior approval by the Commission of the written contract between Company and Customer and subject to revocation, amendment or rescission by the Commission under applicable law.

APPLICABILITY

This Rate Schedule shall be applicable to any Commercial or Industrial Customer that agrees to receive Gas Service hereunder pursuant to a written contract with Company for one or more Premises. In order for customer to qualify for application of this Rate Schedule, Customer must establish by verified statement to Company, and Company must first determine in its reasonable discretion, that at one or more of Customer's Premises, the Gas Service to be provided under this Rate Schedule is required to enable Company to preserve or attract the load at such Premises. The aggregation of separate Premises for the purpose of receiving Gas Service under this Rate Schedule shall be limited to facilities owned by Customer or owned by a corporate affiliate of Customer.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of Gas Service as specified in the written contract between Company and Customer. Gas Service provided hereunder shall be metered and billed separately from Gas Service provided under any other Rate Schedule.

RATES AND CHARGES

The monthly Rates and Charges for Gas Service provided hereunder shall be referenced in the written contract between Company and Customer and the level of the Rates and Charges shall depend upon Company's assessment of the nature and extent of the competitive circumstances pertaining to the applicable Customer load, as well as any other reasonable factors affecting the appropriateness of that level, including, but not limited to, the quantity of Gas Service used or to be used, the time when such Gas Service is used or will be used, and the purpose for which such Gas Service is used or will be used. Except as otherwise provided in the written contract between Company and Customer, the Rates and Charges are subject to revision by the Commission as provided by law.

CONTRACT

Customer shall enter into a written contract with Company which specifies the terms and conditions of the Gas Service to be provided hereunder. The written contract shall include any terms and conditions reasonably required by Company, including, but not limited to, the following:

1. Customer must agree to a term for the written contract of at least five years; and
2. Customer must agree that during the term of the written contract it will not bypass Company's system via a direct or indirect interconnection with another supplier of gas service or displace or substantially reduce Company's provision of energy service to Customer through the use of an energy service other than natural gas.

Unless otherwise agreed between Company and Customer, Commission approval of the written contract between Company and Customer, as filed, is a condition precedent to the provision of Gas Service by Company to Customer hereunder.

RATE 270 **LONG-TERM CONTRACT SERVICE**

UNACCOUNTED FOR GAS PERCENTAGE

Except as otherwise provided in the written Contract between Company and Customer, Customer shall be subject to the Unaccounted For Gas Percentage set forth in Appendix F.

NOMINATION AND BALANCING PROVISIONS

Except as otherwise provided in the written Contract between Company and Customer, Customer shall be subject to the provisions set forth in Appendix E.

CURTAILMENT

When sufficient capacity or quantities of gas are not available to Company to meet existing and reasonably anticipated demands of Customers or to protect and replenish Company's underground storage reserves, which determinations shall be within Company's reasonable discretion, Customer shall, as provided in the written contract between Company and Customer and upon notice from Company, curtail use of gas to such extent and during such periods as Company shall specify.

Gas usage by Customer during a Curtailment period in excess of the quantity allowed shall be considered Unauthorized Gas Usage and shall be subject to the Unauthorized Gas Usage Charge set forth in Appendix C.

MEASUREMENT REQUIREMENT

For purposes of permitting daily meter reading, Company shall, where available, install, provide, and maintain cellular equipment and service on Customer's Premises. Until such time that cellular service is installed, or where cellular service is otherwise unavailable, Customer shall install, provide, and maintain on the Premises at a location specified by Company such telephone equipment and service as required for Company's gas measurement equipment and related communications equipment. If Customer's telephone line is deemed inadequate or unreliable for purposes of providing measurement data, and cellular service is unavailable, Company may require Customer to provide a dedicated telephone line in order to continue Transportation Service under this Rate Schedule.

Company shall post preliminary Customer usage throughout the month on its Gas Tracking System ("GTS") as soon as practicable the day after the end of the Gas Day, and the Company will endeavor to do so by 10:30 a.m. Central Clock Time. Preliminary Customer usage will be posted on a best efforts basis and, even in the absence of such posting, shall not be considered reflective of the actual usage to be used for billing purposes.

If the measurement equipment fails to register or registers incorrectly, Company will estimate as accurately as is practicable, the quantity of gas delivered. Customer will pay for Gas Service provided based on such estimate(s), in accordance with the terms and provisions of this Tariff for Gas Service.

RATE 270

LONG-TERM CONTRACT SERVICE

COMMISSION APPROVAL REQUIREMENT

Prior to the initiation of Gas Service hereunder, the written contract between Company and Customer must be approved by the Commission. The Commission may approve written contracts between Company and Customers pursuant to the Commission's thirty (30) day filing process. A written contract pursuant to this Rate Schedule qualifies for approval by the Commission provided each of the following criteria is met:

1. Customer has entered into a written contract with Company which specifies the terms and conditions of the Gas Service to be provided.
2. The written contract between Company and Customer has been filed with the Commission for its approval.
3. The rates and charges for Gas Service provided under this Rate Schedule have been specified in the written contract.
4. Customer has agreed to a term for the written contract of at least five years.
5. Customer has agreed that during the term of the written contract it will not bypass Company's system via a direct or indirect interconnection with another supplier of gas service or displace or substantially reduce Company's provision of energy service to Customer through the use of an energy service other than natural gas.
6. At one or more of the Premises to be served pursuant to the written contract between Company and Customer, the service to be provided under this Rate Schedule is required to enable Company to preserve or attract the load.
7. The written contract between Company and Customer has been the result of "arm's length" negotiations.
8. The written contract between Company and Customer shall result in a direct benefit to Company's other customers.

TERMS AND CONDITIONS

Except as otherwise provided in the written contract between Company and Customer, Gas Service under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

RATE 280 **POOLING SERVICE**

APPLICABILITY

Pooling Service is a service applicable to any Pool Operator and any Transportation Customer under Rates 245, 260, or 270 that designates a Pool Operator to manage its gas supplies as part of an aggregated Customer Pool.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of Pooling Service for Transportation Customers. Pool Operator and electing Transportation Customer are subject to provisions of this Rate Schedule.

Pool Operator shall deliver to the Company gas supplies needed to satisfy the daily and monthly usage requirement of Pool Operator's Pool Customers in accordance with the requirements set forth in this Rate Schedule, Appendix E, and in the Pooling Agreement. Pooling will not be permitted across multiple Operating Systems unless approved in advance by the Company.

Pool Operator shall provide nominations for its aggregated Pool Customers' deliveries. For purposes of calculating daily and monthly imbalances, the usages of all Customers within a Pool will be combined into a single Pool usage total, which will be matched against the Pool Operator's total pipeline deliveries for such Pool.

Pool Operator shall be responsible for complying with Operational Flow Orders, daily and monthly balancing, and the payment of any daily and monthly imbalance Cashouts and applicable charges. Transportation Customer shall remain responsible for all charges under its applicable Rate Schedule 245, 260, or 270.

Imbalance trading provided in Appendix E allows Pool Operator to trade imbalances to minimize otherwise applicable imbalance charges.

SUMMARY OF CHARGES

Pool Operator's Bill shall be rendered monthly, and shall consist of the following charges, as applicable:

Financial Evaluation Fee: \$49.27 for the initial and each subsequent Pool Operator financial evaluation performed by Company.

Administrative Fee: Pool Operator shall be assessed a monthly Administrative Fee of \$98.53 for each Pool.

Nomination and Balancing Charges: All nomination and balancing charges and imbalance trading charges associated with Pool Operator's Pool, including those listed in Appendix E, Nomination and Balancing Provisions, shall be billed to Pool Operator each month.

RATE 280 **POOLING SERVICE**

Related Charges: Pool Operator shall reimburse Company for all charges incurred in connection with transportation of gas for Pool Operator's Pool including any gas costs, penalty charges, or Cashouts.

Late Payment Charge: Payment by Pool Operator shall be due seventeen (17) days from the date of issuance of the Bill. Company or an authorized agent must receive Payment of the total amount due by the due date shown on the Pool Operator's Bill. If Pool Operator does not pay the total amount due by the date shown, an additional amount equal to one percent (1%) of the total unpaid balance shall also become due and payable. For each subsequent month, or portion thereof, of non-payment, an additional charge of one percent of the total unpaid balance shall be assessed.

Insufficient Funds Check Charge: For each check of Pool Operator returned by any bank due to insufficient funds, Pool Operator shall be charged \$24.63 to cover a part of the cost of processing such check.

PROVISIONS AND REQUIREMENTS FOR TRANSPORTATION CUSTOMER PARTICIPATION

Transportation Customer shall comply with the following provisions and requirements:

Contract: Customer shall enter into a contract with Company that designates its selected Pool Operator from a list of approved Pool Operators that have signed Pooling Agreements with Company and who comply with the provisions of this Rate Schedule. Such elections will carry over from month to month unless Customer and Pool Operator notify Company of any change at least ten (10) business days prior to the start of a new month.

Initiation of Pooling Service: An existing Rate 245, 260, or 270 Transportation Customer that desires to begin utilizing Pooling Service under this Rate Schedule shall do so effective with Customer's next meter reading date.

Customer's prior delinquencies must be cured prior to commencing participation in Pooling Service, unless otherwise agreed to in advance by Company.

Customer shall eliminate any existing over-delivery or under-delivery quantities via a Cashout with Company prior to commencing participation in Pooling Service, as follows:

- (1) If Customer has an ending under-delivery quantity, Customer shall pay Company for each Dekatherm of under-delivery quantity a price equal to the average of the previous six-months' Monthly Average Index Charges (as defined in Appendix E) plus applicable taxes.
- (2) If Customer has an ending over-delivery quantity, Company shall pay Customer for each Dekatherm of Over-delivery quantity a price equal to the average of the previous six-months' Monthly Average Index Charges (as defined in Appendix E).

RATE 280 **POOLING SERVICE**

PROVISIONS AND REQUIREMENTS FOR POOL OPERATOR PARTICIPATION

Pool Operator shall comply with the following provisions:

Contract:

Pool Operator must enter into a written Pooling Agreement with Company. Such Pooling Agreement shall set forth specific covenants and obligations undertaken by Company and Pool Operator under this Rate Schedule on behalf of the Pool's Customers. The Pooling Agreement shall have an initial term of not less than one year and shall automatically extend for succeeding annual terms thereafter subject to cancellation by either party after written notice submitted not less than ninety days prior to the end of the initial term or any succeeding annual term.

Creditworthiness Standards and Requirements:

In order to qualify for participation under the Pooling Service, Pool Operator must pass an initial Financial evaluation performed by Company, and any such subsequent evaluation(s) deemed appropriate by Company, to ensure that Pool Operator possesses sufficient resources to perform its responsibilities and to ensure financial performance under this Rate Schedule. In addition, if Pool Operator's participation in the Pooling Service was previously terminated due to Pool Operator's non-compliance, Pool Operator shall provide information acceptable to Company that such cause for non-compliance has been corrected and will be avoided in the future. All prior delinquencies must be cured prior to commencing participation in the Pooling Service. Moreover, any and all charges from previous non-compliance shall be corrected prior to participation in the Pooling Service.

Pool Operator must complete and sign Company's Pool Operator Registration Form and Credit Application to be considered for participation in the Pooling Service. A Pool Operator desiring to participate in Pooling Service will be evaluated by Company to establish credit levels acceptable to Company. Company will apply, on a non-discriminatory basis, reasonable financial standards to assess and examine a Pool Operator's creditworthiness. These standards will take into consideration the scope of the operations of each Pool Operator and the level of risk to Company. In order to pass Company's financial evaluation, a Pool Operator may be required to provide security, the form and amount of which shall be specified by the Company.

Financial evaluations will be based on standard credit factors such as audited financial statements and credit ratings, Pool Customers' payment histories, and other related financial information that has been independently audited, if available. Company shall determine creditworthiness based on the above criteria, and will not deny a Pool Operator's participation in Pooling Service without reasonable cause.

RATE 280 **POOLING SERVICE**

Company reserves the right to conduct a financial re-evaluation of Pool Operator from time to time. Such re-evaluation may be initiated either by a request from the Pool Operator, or by Company if Company reasonably believes that the creditworthiness of a Pool Operator may have changed or that the operating environment or other conditions may have changed that may have increased the risks posed by operations of the Pool. Based on such re-evaluation, a Pool Operator's level of participation may be increased or decreased, additional security may be required, or Pool Operator may be removed from further participation in the Pooling Service.

Unaccounted for Percentage:

To compensate for unaccounted for gas, the quantity of gas available to Pool Customers on a daily basis shall be equal to the quantity delivered to the Company's distribution system at the point of receipt by Pool Operator for Pool Customers, reduced by the Unaccounted for Percentage as set forth in Appendix F.

Nomination and Balancing Provisions:

Pool Operator shall be subject to the Nomination and Balancing Provisions in Appendix E.

Curtailment Procedures:

Pool Operator shall be subject to the Curtailment Procedures in Company's General Terms and Conditions.

Required Regulatory Approvals:

Pool Operator must have all required regulatory approvals related to the transportation of the gas for Pool Operator's Pool.

Termination of Pooling Service Participation:

A Pool Operator that ceases participation in Pooling Service shall eliminate any existing over-delivery or under-delivery quantities via a Cashout with the Company, as follows:

- (1) If Pool Operator has an ending net under-delivery quantity, Pool Operator shall pay Company for each Dekatherm of under-delivery quantity a price equal to the average of the previous six months' Monthly Average Index Charge (as defined in Appendix E) plus applicable taxes.
- (2) If Pool Operator has an ending over-delivery quantity, Company shall pay Pool Operator for each Dekatherm of over-delivery quantity a price equal to the average of the previous six months' Monthly Average Index Charge (as defined in Appendix E).

WAIVER OF CHARGES

In its reasonable discretion, on a case-by-case basis, Company may waive all or part of any Charge assessable to Pool Operator or Transportation Customer pursuant to this Rate Schedule, provided, however, that the waiver of such charge shall be exercised on a non-discriminatory basis.

TERMS AND CONDITIONS

Gas Service rendered under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

RATE 285

SCHOOL/GOVERNMENT POOLING SERVICE

APPLICABILITY

School/Government Pooling Service is an optional service applicable to any School/Government Supplier that has applied for and been approved under the Creditworthiness Standards and Requirements herein.

CHARACTER OF SERVICE

This Rate Schedule applies to the provision of School/Government Pooling Service for Rate 225, School/Government Transportation Service Customers.

School/Government Supplier shall deliver to the Company gas supplies needed to satisfy the daily and monthly usage requirement of School/Government Supplier's Pool Customers in accordance with the requirements set forth in this Rate Schedule, Appendix J, and the School/Government Pooling Agreement. Pooling will not be permitted across multiple operational systems or transportation programs unless approved in advance by Company.

School/Government Supplier shall provide nominations for its aggregated School/Government Pool Customers' deliveries. For purposes of calculating daily imbalances, the School/Government Pool's DDQ will be matched against the School/Government Supplier's total pipeline deliveries for such Pool.

School/Government Supplier shall be responsible for complying with Operational Flow Orders, daily balancing, and the payment of any daily imbalance Cashouts and applicable charges.

Imbalance trading provided for in Appendix J allows School/Government Supplier to trade imbalances to minimize otherwise applicable imbalance charges.

SUMMARY OF CHARGES

School/Government Supplier's Bill shall be rendered monthly, and shall consist of the following charges, as applicable:

Financial Evaluation Fee:

\$49.27 for the initial and each subsequent School/Government Supplier financial evaluation performed by Company.

Administrative Fee: School/Government Supplier shall be assessed a monthly Administrative Fee of \$98.53 for each Pool.

Nomination and Balancing Charges: All nomination and balancing charges and imbalance trading charges associated with School/Government Supplier's School/Government Pool, including those listed in Appendix J, School/Government Nomination and Balancing Provisions, shall be billed to School/Government Supplier each month.

Nomination Error Charge:

School/Government Supplier shall pay a Nomination Error Charge of \$0.49 per Dekatherm on the quantity difference between School/Government Supplier's Daily Transportation Nomination and the confirmed deliveries under School/Government Supplier's Daily Pipeline Nomination for each day such difference occurs.

DDQ Non-Compliance Charge:

\$0.99 per Dth on days in which no Operational Flow Order (OFO) is in effect (provided no alternate arrangements are made with Company) against the daily difference between the Pool's DDQ and aggregate deliveries.

RATE 285

SCHOOL/GOVERNMENT POOLING SERVICE

City Gate Allocation Non-Compliance Charge:

\$0.99 per Dth on the quantity difference if School/Government Supplier's Daily Pipeline Nomination is less than the minimum or greater than the maximum city gate allocation requirements.

OFO Non-Compliance Charge:

\$9.85 per Dth applied to the difference between School/Government Supplier's DDQ and actual deliveries if School/Government Supplier over-delivers on days in which a Warm Weather OFO is in effect or under-delivers on days in which a Cold Weather OFO is in effect.

Related Charges: School/Government Supplier shall reimburse Company for all charges incurred by Company in connection with interstate pipeline transportation of School/Government Supplier-Delivered Gas including any gas costs, penalty charges, or Cashouts.

Late Payment Charge: Payment by School/Government Supplier shall be due seventeen (17) days from the date of issuance of the Bill. Company or an authorized agent must receive payment of the total amount due by the due date shown on the School/Government Supplier's Bill. If School/Government Supplier does not pay the total amount due by the date shown, an additional amount equal to one percent (1%) of the total unpaid balance shall also become due and payable. For each subsequent month, or portion thereof, of non-payment, an additional charge of one percent of the total unpaid balance shall be assessed.

Insufficient Funds Check Charge: For each check of School/Government Supplier returned by any bank due to insufficient funds, School/Government Supplier shall be charged as set forth in Appendix C, Other Charges to cover a portion of the cost of processing such check.

PROVISIONS AND REQUIREMENTS FOR SCHOOL/GOVERNMENT SUPPLIER PARTICIPATION

School/Government Supplier shall comply with the following provisions:

Contract:

School/Government Supplier must enter into a written School/Government Pooling Agreement with Company. Such School/Government Pooling Agreement shall set forth specific covenants and obligations undertaken by Company and School/Government Supplier under this Rate Schedule on behalf of the School/Government Supplier's Pool Customers. The School/Government Pooling Agreement shall have an initial term of not less than one year and shall automatically extend for succeeding annual terms thereafter subject to cancellation by either party after written notice submitted not less than ninety days prior to the end of the initial term or any succeeding annual term.

School/Government Supplier must provide written notice to Company of Customers joining its pool, or Customers leaving their pool, 10 business days prior to the first of the month. The effective date for Customers joining or leaving pools will be Customer's read date the following month.

RATE 285

SCHOOL/GOVERNMENT POOLING SERVICE

Creditworthiness Standards and Requirements:

In order to qualify for participation under the School/Government Pooling Service, School/Government Supplier must pass an initial financial evaluation performed by Company, and any such subsequent evaluation(s) deemed appropriate by Company, to ensure that School/Government Supplier possesses sufficient resources to perform its responsibilities and to ensure financial performance under this Rate Schedule. In addition, if School/Government Supplier's participation in School/Government Pooling Service was previously terminated due to School/Government Supplier's non-compliance, School/Government Supplier shall provide information acceptable to Company that such cause for non-compliance has been corrected and will be avoided in the future. All prior delinquencies must be cured prior to commencing participation in the School/Government Pooling Service. Moreover, any and all charges from previous non-compliance shall be corrected prior to participation in the School/Government Pooling Service.

School/Government Supplier must complete and sign the Company's School/Government Supplier Registration Form and Credit Application to be considered for participation in the School/Government Pooling Service. A School/Government Supplier desiring to participate in the School/Government Pooling Service will be evaluated by the Company to establish credit levels acceptable to the Company. The Company will apply, on a non-discriminatory basis, reasonable financial standards to assess and examine a School/Government Supplier's creditworthiness. These standards will take into consideration the scope of the operations of each School/Government Supplier and the level of risk to Company. In order to pass Company's financial evaluation, School/Government Supplier may be required to provide security, the form and amount of which shall be specified by Company.

Financial evaluations will be based on standard credit factors such as audited financial statements and credit ratings, Pool Customers' payment histories, and other related financial information that has been independently audited, if available. Company shall determine creditworthiness based on the above criteria, and will not deny School/Government Supplier's participation in the School/Government Pooling Service without reasonable cause.

Company reserves the right to conduct a financial re-evaluation of School/Government Supplier from time to time. Such re-evaluation may be initiated either by a request from School/Government Supplier, or by Company if Company reasonably believes that the creditworthiness of School/Government Supplier may have changed or that the operating environment or other conditions may have changed that may have increased the risks posed by operations of the Pool. Based on such re-evaluation, School/Government Supplier's level of participation may be increased or decreased, additional security may be required, or School/Government Supplier may be removed from further participation in School/Government Pooling Service.

School/Government Supplier Code of Conduct:

Each School/Government Supplier participating in School/Government Pooling Service shall:

1. Communicate to Customers, in clear, understandable terms, Customers' rights and responsibilities. This communication shall include: 1) School/Government Supplier's customer service address, local or toll-free telephone number, and hours of operation; and 2) a statement describing the procedures for handling complaints and disputes.
2. Provide in writing, pricing and payment terms that are clear and understandable and inform Customers whether the price that Customer will pay is inclusive or exclusive of applicable taxes.

RATE 285

SCHOOL/GOVERNMENT POOLING SERVICE

3. Refrain from engaging in communications, acts, or practices that are fraudulent, deceptive, misleading, unfair, or unconscionable.
4. Deliver gas to Company on a firm basis on behalf of the School/Government Supplier's Pool Customers in accordance with the requirements of Rate 285 and the School/Government Pooling Agreement.
5. Establish and maintain a creditworthy financial position to enable School/Government Supplier to indemnify Company for costs incurred as a result of any failure by School/Government Supplier to deliver gas or pay invoices in accordance with the requirements of this Rate Schedule.
6. Make good faith efforts to resolve all disputes between School/Government Supplier and its Pool Customers and to cooperate with resolution of any joint issues with Company.

Failure to fulfill any of these obligations shall be considered a violation of the School/Government Supplier Code of Conduct, subject to consequences set forth in the Consequences of School/Government Supplier's Failure to Perform or Comply section of the following Terms and Conditions.

Required Regulatory Approvals:

School/Government Supplier must comply with all state and federal regulations related to its transportation of School/Government Supplier-Delivered Gas.

TERMS AND CONDITIONS

Unaccounted for Percentage:

School/Government Supplier shall compensate Company for unaccounted for gas. The quantity of gas available to School/Government Supplier's Pool Customers on a daily basis shall be equal to the quantity of gas delivered for Pool Customers into Company's distribution system at the point of receipt, reduced by the Unaccounted For Gas Percentage as set forth in Appendix F.

Nomination and Balancing Procedures:

School/Government Supplier shall be subject to the School/Government Nomination and Balancing Provisions in Appendix J.

RATE 285

SCHOOL/GOVERNMENT POOLING SERVICE

Company Demand Forecast:

Company shall forecast each School/Government Pool's Expected Demand based upon forecasted weather, the number of Customers in the Pool, and the historic usage characteristics of the Pool Customers.

Curtailment Provisions:

School/Government Supplier shall be subject to the Curtailment Procedures in Company's General Terms and Conditions Applicable to Gas Service, Rule 24.

Consequences of School/Government Supplier's Failure to Perform or Comply:

If School/Government Supplier fails to deliver gas in accordance with the requirement of the School/Government Pooling Agreement, or otherwise fails to comply with the provisions of this Rate Schedule, Company shall have the discretion to initiate the process to suspend temporarily or terminate such School/Government Supplier's further participation for the applicable Pool.

If School/Government Supplier is suspended or expelled from the School/Government Pooling Service relative to a specific Pool, Customers in such Pool shall revert to Company's Sales Service, unless and until said Customers join another School/Government Supplier's Pool. Any termination or cancellation of the School/Government Pooling Agreement relative to some or all of the School/Government Supplier's Pools and pursuant to any provision of this section shall be without waiver of any remedy, whether at law or in equity, to which the part not in default otherwise may be entitled for breach of the School/Government Pooling Agreement.

School/Government Supplier Operator Withdrawal or Termination:

If School/Government Supplier in total or for a specific Pool is restricted from further participation in the School/Government Pooling Service or elects to withdraw from the School/Government Pooling Service, Company shall have the right to recall all pipeline capacity then assigned to School/Government Supplier by Company associated with the specific Pool(s) in accordance with the terms of the release agreement, and have first rights to any additional pipeline capacity the School/Government Supplier utilizes for delivery to Company's city-gate.

School/Government Supplier shall remain responsible for the differences between the market value of the assigned pipeline capacity and the full demand charges applicable to such capacity until the earliest normal expiration date of the School/Government Pooling Agreement, which shall constitute liquidated damages. Upon withdrawal or termination, any Over-Delivery Imbalance Quantity or Under-Delivery Imbalance Quantity shall be resolved through the purchase or sale of volumes at the price set out in the Volume Reconciliation section of Appendix J.

Other:

Gas Service rendered under this Rate Schedule shall be subject to Company's General Terms and Conditions and the Commission's Regulations.

APPENDIX A **GAS COST ADJUSTMENT**

APPLICABILITY

The Gas Cost Adjustment (GCA), as updated from time-to-time, shall be applicable to the Gas Cost Charges included in Rate Schedules contained in this Tariff for Gas Service, as set forth below.

DESCRIPTION

The GCA shall recover the following costs, as reviewed and approved by the Commission:

1. Demand, commodity and other costs of gas supply purchased from pipelines and other suppliers.
2. Demand, commodity and other costs of pipeline transportation service.
3. Demand, commodity and other costs of leased gas storage and related transportation costs.
4. The net cost of gas injected into and withdrawn from storage.
5. The various costs of propane supply.
6. Pipeline Take-or-Pay Charges and Transition Costs, and any like charges.
7. Applicable taxes.
8. All other costs approved for Gas Cost Adjustment recovery by the Commission.

GCA CHARGES – Dollars per Therm

<u>Rate Schedule</u>	<u>Service</u>	<u>Actual (\$ per Therm) Eff. June 1, 2024</u>	<u>Actual (\$ per Therm) Eff. July 1, 2024</u>	<u>Estimated (\$ per Therm) Eff. Aug. 1, 2024</u>

260	Transportation	\$0.0003	\$0.0003	\$0.0002
270	Transportation	\$0.0003	\$0.0003	\$0.0002

(1) The GCA for Rate 211 is stated in \$ per gas lighting fixture.

APPENDIX B **NORMAL TEMPERATURE ADJUSTMENT**

The billed amount for each Rate 210, 220, and 225 Customer shall be subject to a Normal Temperature Adjustment (NTA) for each bill rendered during the seven winter billing periods commencing with Customer's first meter read date after October 14th.

The NTA adjusts each Customer's monthly billed amount to reverse the impact on margin recovery caused by non-normal temperatures during the billing period, as measured by actual heating degree day variations from normal heating degree days.

NTA COMPUTATION

The NTA for each Customer's monthly billing shall be computed as follows:

$$\text{NTA} = \text{NTA Therms} \times \text{NTA Margin}$$

NTA THERMS

The NTA Therms usage for each Customer to which the NTA Margin shall be applied is computed as follows:

$$\text{NTA Therms} = \frac{[\text{Actual Usage} - \text{Base Load Usage}]}{\text{Actual Degree Days}} \times [\text{Normal Degree Days} - \text{Actual Degree Days}]$$

NTA MARGIN

The NTA Margin shall be the tail block rate of the Distribution Charge for the applicable Rate Schedule.

BASE LOAD THERMS

Base Load Therms shall be Customer's average daily therms usage for the previous summer months (months of July and August) multiplied by the number of days in the billing period.

For Customers whose Base Load Usage cannot be accurately determined (e.g., new Customers without two months of summer usage history), an estimated Average Daily Therms shall be used.

NORMAL AND ACTUAL DEGREE DAYS

Normal Degree Days for each Customer's billing period shall be those utilized by the Commission for purposes of determining Company's current base rates.

Actual Degree Days for each Customer's billing period shall be taken from the actual heating degree days reported each day by the National Weather Service.

APPENDIX B **NORMAL TEMPERATURE ADJUSTMENT**

Normal Degree Days for the NTA are determined by the days included in each Customer's billing period. Normal Degree Days in a leap year (a year consisting of 366 days) differ from those in non-leap years (years consisting of 365 days). Applicable Normal Degree Days tables for leap and non-leap years, as determined in Company's most recent general rate case, follow. The Normal Degree Days tables for the "Southern Service Area" apply to Customers in locations in Company's "Southern Service Area" (as listed below); the Normal Degree Days tables for the "Northern Service Area" apply to all other Customers.

The following steps are used to determine Normal Degree Days in the NTA calculation:

1. Determine the days associated with Customer's billing period.
 - i. If the billing period includes days occurring in a leap year, the Normal Degree Days table for LEAP YEAR is used.
 - ii. If the billing period includes no days occurring in a leap year, the Normal Degree Days table for NON-LEAP YEAR is used.
2. From the appropriate table determine the total Normal Degree Days (NDD) for the current billing cycle, beginning with the day following the previous read date and ending with the current read date for the current billing period. This total represents the Normal Degree Days for the NTA calculation for the current billing period. Note: Actual Degree Days appear on the Company's website.

APPENDIX C **OTHER CHARGES**

Late Payment Charge:

If Customer does not pay a Bill for Gas Service on or before the gross payment due date, Customer shall be charged a Late Payment Charge as follows:

First \$3.00 or less of net billing - 10%
Over \$3.00 of net billing - 3%

Reconnect Charge:

When Gas Service is discontinued (1) at the request of Customer, (2) for nonpayment of a Bill, (3) when authorized by Company's General Terms and Conditions or the Commission's Regulations, or (4) for any reason beyond the control of Company, and a reestablishment of Gas Service is required by Customer, Customer shall be charged a Reconnect Charge to cover a part of the cost of discontinuance and reestablishment of Gas Service. Such charge shall be \$59.12. In addition, when Gas Service is reconnected or disconnected after normal working hours at Customer's request, Customer shall be charged an After Hours Charge.

A charge equal to the Customer Facilities Charge for each month of discontinued Gas Service will also be made for reestablishing Gas Service for the same Customer at the same Premises where Gas Service has been discontinued at Customer's request during the preceding nine months. The minimum Customer Facilities Charge assessment under the provisions of this paragraph shall be one month's Customer Facilities Charge.

After Hours Charge:

When Gas Service is connected, reconnected, or disconnected outside of normal business hours at Customer's request, Customer shall be charged an After Hours Charge of \$21.68 in addition to any other applicable charges for each connection, reconnection, or disconnection.

Returned Payment Charge:

For each payment of Customer returned by any financial institution due to insufficient funds, Customer shall be charged \$24.63 to cover a part of the cost of processing such transaction.

Unauthorized Gas Usage Charge:

Gas Usage by Customer during a Curtailment Period in excess of the quantity allowed pursuant to Rule 24 shall be considered Unauthorized Gas Usage and shall be subject to the Unauthorized Gas Usage Charge of \$4.93 per therm. Company shall have the right to waive all or a portion of the Unauthorized Gas Usage Charge otherwise applicable to any Customer, provided that waiver of such charge shall be exercised on a non-discriminatory basis.

Fraudulent or Unapproved Use of Gas Charge:

When Company identifies fraudulent or unapproved use of gas, or Company's regulation, measuring equipment, or other service facilities have been tampered with, Company may assess the actual costs for such field calls and repairs, in addition to the other costs pursuant to Rule 27 of Company's General Terms and Conditions. A minimum charge of \$68.97 per occurrence shall apply.

Summary Billing Charge:

Bills provided by Company summarizing charges for Educational Institutions or Government Entities who are registered users of CenterPointEnergy.com are subject to a \$44.34 charge per summary bill.

APPENDIX D **BASE COST OF GAS**

For informational purposes only, the Base Cost of Gas as determined in the last general rate proceeding in Cause No. 45468, effective November 18, 2021 is as set forth in the following table. The Base Cost of gas is not reflected in the Base Rates and Charges of the Rate Schedules; all gas costs are recovered through Appendix A, Gas Cost Adjustment.

<u>Rate Schedule</u>	<u>Service</u>	<u>(\$ per Therm) Commodity</u>	<u>Base Cost of Gas (\$ per Therm) Demand</u>	<u>Total</u>
210	Sales	\$0.2892	\$0.0978	\$0.3870
211	Sales	\$0.2892	\$0.0978	\$0.3870
220	Sales	\$0.2892	\$0.0978	\$0.3870
225	Transportation	\$0.0000	\$0.0000	\$0.0000
229	Sales	\$0.2892	\$0.0978	\$0.3870
240	Sales	\$0.2892	\$0.0978	\$0.3870
245	Transportation	\$0.0000	\$0.0000	\$0.0000
260	Transportation	\$0.0000	\$0.0000	\$0.0000
270	Transportation	\$0.0000	\$0.0000	\$0.0000

APPENDIX E

NOMINATION AND BALANCING PROVISIONS

APPLICABILITY

The following Provisions shall apply to Pool Operators **and** to Non-Pooling Transportation Customers being provided Gas Service under Rates 245, 260, and 270. **Therefore, for purposes of this Appendix E only, the term "Transporter", when used in the provisions below, shall mean "Pool Operator" or "Non-Pooling Transportation Customer."**

NOMINATION PROVISIONS

Transporter shall be obligated to notify Company of the exact daily quantity of its nomination to the delivering pipeline of Transporter's gas to be delivered to Company at pipeline delivery points agreeable to Company (Daily Pipeline Nomination).

Company may require Transporter to allocate its Daily Pipeline Nomination to specified city-gate pipeline delivery points based on minimum and maximum allocation percentages, which Company may revise from time to time, based on operational considerations. Company may decline to accept Daily Pipeline Nominations or deliveries that do not comply with these city-gate allocation percentage requirements.

Transporter must provide the notice specified above prior to each change in its Daily Pipeline Nomination by submitting to Company the nomination, via the Company's EBB, by no later than 1:00 p.m. Central Clock Time ("CCT") of the workday previous to the start date of the Daily Pipeline Nomination. The nomination shall include the information as specified in the Company's EBB. Company may accept nominations submitted after the deadlines specified above within its reasonable discretion. Until Transporter submits the required nomination, Transporter's nominations of daily quantities shall be zero. Unless otherwise permitted by Company, the Nomination Period shall not exceed thirty-one days.

Transporter shall cause the shipper to provide Company with a written statement detailing Transporter's actual deliveries under its Daily Pipeline Nomination during each Nomination Period by no later than one day following the end of the billing month.

Transporter shall pay a Nomination Error Charge of \$0.49 per Dekatherm on the quantity difference between its Daily Pipeline Nomination and the confirmed deliveries under its Daily Pipeline Nomination for each day such difference occurs.

Transporter shall be assessed a City-Gate Allocation Non-Compliance Charge of \$0.99 per Dekatherm on the quantity difference if its Daily Pipeline Nomination is less than the minimum or greater than the maximum city gate allocation requirements, which are calculated as the minimum or maximum city gate allocation percentages multiplied by Transporter's Daily Pipeline Nomination.

APPENDIX E

NOMINATION AND BALANCING PROVISIONS

BALANCING PROVISIONS

Transporter shall be obligated to balance its total usage with the total deliveries for Transporter's account by the pipelines. An Imbalance Quantity shall exist when the Transporter's total usage is greater than or less than its total deliveries on a daily basis and/or a monthly basis. Amounts paid by the Company to Transporter in cashing out Imbalance Quantities shall be recovered in the Gas Cost Adjustment. Amounts received by Company from Transporter in cashing out Imbalance Quantities shall be credited against gas costs in the Gas Cost Adjustment. The following definitions shall apply:

Daily Index Price: The Daily Midpoint Prices per Dekatherm as reported in Gas Daily in the table "Daily Price Survey", for delivery to:

- 1) Texas Gas, Zone SL, or
- 2) ANR, La; or
- 3) Texas Eastern, ELA, or
- 4) Panhandle, Tx-Okla; or
- 5) Chicago City-Gates; or
- 6) REX Zone 3, delivered.

Monthly Index Price: The average of the Daily Midpoint Prices per Dekatherm for each day of the month as reported in Gas Daily in the table "Daily Price Survey", for delivery to:

- 1) Texas Gas, Zone SL, or
- 2) ANR, La; or
- 3) Texas Eastern, ELA, or
- 4) Panhandle, Tx-Okla; or
- 5) Chicago City-Gates; or
- 6) REX Zone 3, delivered.

The following Charges shall be computed based on each Operating System's Price Indices:

Daily Under-Delivery Charge: The Daily Under-Delivery Charge shall be the highest of the sums of each Daily Index Price and the maximum interruptible pipeline transportation rate, including fuel and all surcharges, applicable to each Daily Index Price.

Daily Over-Delivery Charge: The Daily Over-Delivery Charge shall be the lowest of the sums of each Daily Index Price and the firm pipeline transportation commodity rate, including fuel and all surcharges, applicable to each Daily Index Price.

Monthly Under-Delivery Charge: The Monthly Under-Delivery Charge shall be the greater of:

- (1) Company's average gas costs (demand and commodity), based on its gas purchases for the month; or
- (2) The highest of the sums of each Monthly Index Price and the maximum interruptible pipeline transportation rate, including fuel and all surcharges, applicable to each Monthly Index Price.

Monthly Over-Delivery Charge: The Monthly Over-Delivery Charge shall be the lower of:

- (1) Company's average gas cost (demand and commodity), based on its gas purchases for the month; or
- (2) The lowest of the sums of each Monthly Index Price and the firm pipeline transportation commodity rate, including fuel and all surcharges, applicable to each Monthly Index Price.

Monthly Average Index Charge: The Monthly Average Index Charge shall be the average of the sums of each Monthly Index Price and the average pipeline transportation commodity rate, including fuels and surcharges, applicable to each Monthly Index Price.

APPENDIX E

NOMINATION AND BALANCING PROVISIONS

DAILY BALANCING PROVISIONS (EFFECTIVE ON AND AFTER OCTOBER 1, 2005)

Transporter shall be obligated to balance its total usage ("Total Daily Usage") with the aggregated total daily deliveries for Transporter's account by the pipeline, as adjusted to reflect Company's unaccounted for gas percentage as specified in Appendix F ("Total Daily Deliveries"). A Daily Imbalance Quantity shall exist when the Total Daily Usage is greater than or less than the Transporter's Total Daily Deliveries.

Daily Under-Delivery Imbalance: If Transporter's Total Daily Deliveries are less than its Total Daily Usage, the gas shortfall shall be considered Daily Under-Delivery Imbalance Quantities. Daily Under-Delivery Imbalance Quantities shall either be carried to month-end or shall be cashed out with Company. Transporter shall pay Company for Daily Under-Delivery Imbalance Quantities, including applicable taxes, pursuant to the following:

For Each Dth of Daily Under-Delivery Imbalance Quantities within the Following Percentage of Total Daily Usage Ranges:		Transporter Shall Pay The Company The Following Multiple of the Daily Under-Delivery Charge:
<u>Pool Operator Ranges</u>	<u>Non-Pooling Transportation Customer Ranges</u>	<u>All Transporters</u>
> 0% not > 15%	> 0% not > 20%	No Cash-out, Carried to Month-end
> 15% not > 25%	> 20% not > 30%	1.1
> 25% not > 35%	> 30% not > 40%	1.2
> 35%	> 40%	1.4

During a Cold Weather OFO, the aforementioned Daily Under-Delivery Imbalance provisions will be replaced by those specified in the section entitled Operational Flow Orders. During a Warm Weather OFO, the Daily Under-Delivery Imbalance provisions shall not apply.

Daily Over-Delivery Imbalance: If Transporter's Total Daily Deliveries are greater than its Total Daily Usage, the excess gas shall be considered Daily Over-Delivery Imbalance Quantities. If Company or the pipeline would experience any operating difficulties as a result of Daily Over-Delivery Imbalance Quantities in excess of allowed tolerances, Company may decline to accept delivery of the excess quantities. If accepted, Daily Over-Delivery Imbalance Quantities shall either be carried to month-end or shall be cashed out with Company. Company shall pay Transporter for such Daily Over-Delivery Imbalance Quantities pursuant to the following:

For Each Dth of Daily Over-Delivery Imbalance Quantities within the Following Percentage of Total Daily Usage Ranges:		Company Shall Pay Transporter The Following Multiple of the Daily Over-Delivery Charge:
<u>Pool Operator Ranges</u>	<u>Non-Pooling Transportation Customer Ranges</u>	<u>All Transporters</u>
> 0% not > 15%	> 0% not > 20%	No Cash-out, Carried to Month-end
> 15% not > 25%	> 20% not > 30%	0.9
> 25% not > 35%	> 30% not > 40%	0.8
> 35%	> 40%	0.6

During a Warm Weather OFO, the aforementioned Daily Over-Delivery Imbalance provisions will be replaced by those specified in the section entitled Operational Flow Orders. During a Cold Weather OFO, the Daily Over-Delivery Imbalance provisions shall not apply.

APPENDIX E

NOMINATION AND BALANCING PROVISIONS

MONTHLY BALANCING PROVISIONS

Transporter shall be obligated to balance its total monthly usage ("Total Monthly Usage") with the actual monthly deliveries for Transporter's account by the pipeline, as adjusted to reflect (1) Company's system line loss percentage as specified in Appendix F, (2) the net effect of Daily Imbalance Quantities cashed out during the current month, and (3) prior month Monthly Over-Delivery Imbalance Quantities made available to Transporter or Monthly Under-Delivery Imbalance Quantities made up by Transporter, (collectively, "Total Monthly Deliveries"). A Monthly Imbalance Quantity shall exist when the Total Monthly Usage is greater than or less than the Transporter's Total Monthly Deliveries.

Monthly Under-Delivery Imbalance: If the Total Monthly Deliveries for Transporter's account at the end of the month are less than its Total Monthly Usage, the gas shortfall shall be considered Monthly Under-Delivery Imbalance Quantities. Monthly Under-Delivery Imbalance Quantities up to and including 10% of Total Monthly Usage shall be carried forward to the following month; quantities greater than 10% shall be cashed out with the Company. Transporter shall pay Company for Monthly Under-Delivery Imbalance Quantities greater than 10% of Total Monthly Usage pursuant to the following:

- (1) 1.1 times the Monthly Under-Delivery Charge for each Dekatherm of Monthly Under-Delivery Imbalance Quantities that is greater than 10%, up to and including 20% of Total Monthly Usage, plus
- (2) 1.2 times the Monthly Under-Delivery Charge for each Dekatherm of Monthly Under-Delivery Imbalance Quantities that is greater than 20%, up to and including 30% of Total Monthly Usage, plus
- (3) 1.4 times the Monthly Under-Delivery Charge for each Dekatherm of Monthly Under-Delivery Imbalance Quantities that is greater than 30% of Total Monthly Usage, plus
- (4) Applicable taxes.

Monthly Over-Delivery Imbalance: If the Total Monthly Deliveries for Transporter's account at the end of the month are greater than its Total Monthly Usage, the gas excess shall be considered Monthly Over-Delivery Imbalance Quantities. Monthly Over-Delivery Imbalance Quantities up to and including 10% of Total Monthly Usage shall be carried forward to the following month; quantities greater than 10% shall be cashed out with the Company. Company shall pay Transporter for Monthly Over-Delivery Imbalance Quantities greater than 10% of Total Monthly Usage pursuant to the following:

- (1) 0.9 times the Monthly Over-Delivery Charge for each Dekatherm of Monthly Over-Delivery Imbalance Quantities that is greater than 10%, up to and including 20% of Total Monthly Usage; plus
- (2) 0.8 times the Monthly Over-Delivery Charge for each Dekatherm of Monthly Over-Delivery Imbalance Quantities that is greater than 20%, up to and including 30% of Total Monthly Usage; plus
- (3) 0.6 times the Monthly Over-Delivery Charge for each Dekatherm of Monthly Over-Delivery Imbalance Quantities that is greater than 30% of Total Monthly Usage.

APPENDIX E

NOMINATION AND BALANCING PROVISIONS

OPERATIONAL FLOW ORDERS

Transporter is obligated, when requested by the Company through an Operational Flow Order ("OFO"), to nominate and deliver gas supply to Company's city gates in the manner instructed by Company. Company may call a Cold Weather OFO or a Warm Weather OFO where such action is necessary, in Company's sole judgment, to (1) protect the reliability of Company's gas system; (2) comply with Company's Curtailment Procedures, and/or (3) adhere to the various interstate pipeline companies' balancing requirements, as stated in their FERC-approved tariffs. Company may call a Cold Weather OFO or a Warm Weather OFO for a specific Operating System or for Company's entire system.

Cold Weather OFO Day: During a Cold Weather OFO, Transporter shall be subject to the following Daily OFO Under-Delivery Imbalance provisions:

If Transporter's Daily Under-Delivery Imbalance Quantities are greater than 5% of Total Daily Usage, the shortfall quantities shall be cashed out with the Company. Transporter shall pay Company the following:

- (1) For each Dekatherm of Daily Under-Delivery Imbalance Quantities greater than five (5) percent of Total Daily Usage, the greater of the highest per unit gas cost paid by Company on the date of noncompliance or the Daily Under-Delivery Charge; plus
- (2) The payment of all other charges incurred by Company and attributable to Transporter's Daily Under-Delivery Imbalance Quantities, including pipeline penalty charges on the OFO shortfall quantities; plus
- (3) An OFO Imbalance Charge of \$9.85 per Dekatherm on the portion of the Daily Under-Delivery Imbalance Quantities that is greater than five (5) percent of Total Daily Usage; plus
- (4) Applicable taxes.

Warm Weather OFO Day: During a Warm Weather OFO, the Transporter shall be subject to the following Daily OFO Over-Delivery Imbalance provisions:

If Transporter's Daily Over-Delivery Imbalance Quantities are greater than 5% of its actual Total Daily Usage, Company may refuse to receive such excess quantities from the pipeline(s). If Company receives such excess quantities, they shall be cashed out with Company. Company shall pay Transporter for each Dekatherm of Daily Over-Delivery Imbalance Quantities greater than five (5) percent of Total Daily Usage, the lesser of the lowest per unit gas cost paid by Company on the date of non-compliance or the Daily Over-Delivery Charge. Transporter shall pay Company the following:

- (1) The payment of all charges incurred by Company and attributable to the Transporter's Daily Over-Delivery Imbalance Quantities; including pipeline penalty charges on the OFO excess quantities; and
- (2) An OFO Imbalance Charge of \$9.85 per Dekatherm on the portion of the Daily Over-Delivery Imbalance Quantities that is greater than five (5) percent of Total Daily Usage; plus
- (3) Applicable taxes.

APPENDIX E

NOMINATION AND BALANCING PROVISIONS

IMBALANCE TRADING

Transporter may trade Daily and Monthly Imbalance Quantities with other Transporters in the same operating system to reduce or eliminate its imbalances. Imbalance Trading is subject to the following Terms and Conditions:

- (1) The schedule for the trading of imbalances shall be as follows:
 - a. Company shall issue an initial statement of daily and monthly imbalances (i.e. prior to imbalance trades) to Transporter within ten (10) business days following the end of the month.
 - b. Transporter shall complete and submit its daily and monthly imbalance trades to Company within two (2) business days following the issuance of the initial imbalance statement.
 - c. Company shall issue a final imbalance statement of daily and monthly imbalances to Transporter within three (3) business days following the close of imbalance trading.
- (2) The quantity eligible for trading is 100% of the calculated pre-trade daily or monthly imbalance quantities. Transporter may not trade to establish an imbalance in the opposite direction of the original imbalance.
- (3) Company will bill both parties to an Imbalance Trade a \$9.85 Imbalance Trading Charge for each transaction. For purposes of this charge, a transaction is each transfer of gas imbalance on a specific gas day pursuant to an arrangement by, or between, Transporters to purchase, sell, or trade gas imbalances.
- (4) Any dollar payments, receipts, or exchanges of other consideration agreed upon between the parties to an Imbalance Trading transaction are outside the scope of this tariff and must be completed between the Transporters themselves.
- (5) Trading of imbalances will not be permitted across Operating Systems, unless specifically approved in advance by Company.

WAIVER OF CHARGES

In its reasonable discretion, on a case-by-case basis, Company may waive all or part of any Charge assessable to Transporter pursuant to this Appendix E, when such Charge results from imbalances which occur beyond the reasonable control of the Transporter, such as an unexpected production outage or equipment malfunction. The waiver of such Charge shall be exercised on a non-discriminatory basis. Requests for waivers must be submitted in writing to Company and signed by an authorized representative of Transporter.

APPENDIX F **UNACCOUNTED FOR GAS PERCENTAGE**

APPLICABILITY

This Appendix shall be applicable to all Transportation Customers, School/Government Suppliers and Pool Operators.

DESCRIPTION

0.2% of the quantities received by Company from Transportation Customer, School/Government Supplier or Pool Operator at a point of receipt on the Company's distribution system shall be retained by Company to compensate for unaccounted for gas.

The Unaccounted For Gas Percentage stated above shall be reviewed and adjusted annually by Company, through updating of this Appendix after approval by the Commission, to reflect any changes in the system unaccounted for gas percentage.

APPENDIX G **UNIVERSAL SERVICE FUND RIDER**

APPLICABILITY

The Universal Service Fund ("USF") Rider, established in accordance with the Commission's Orders in Cause Nos. 42590, 43078, 43669, 44094, 44455 and 45405 recovers the unfunded balance in the USF from customers receiving service under all rate schedules.

RATES AND CHARGES

The USF Rider shall be applied to each therm of metered gas usage each month. The current USF Riders by Rate Schedule are set forth below:

<u>Rate Schedule</u>	<u>USF Rider (per therm)</u>
210	\$0.0021
211 (1)	\$0.0021
220	\$0.0014
225	\$0.0014
229	\$0.0014
240	\$0.0014
245 (2)	\$0.0001
260 (2)	\$0.0001
270 (2)	\$0.0001

(1) The USF Rider for Rate 211 is stated in \$ per gas lighting fixture.

(2) The charge in any monthly billing period will not exceed \$200.00 per customer.

Effective: October 1, 2023

APPENDIX H **PIPELINE SAFETY ADJUSTMENT** **(SUSPENDED)**

APPLICABILITY

The Pipeline Safety Adjustment ("PSA") shall be applicable to all Customers on the Rate Schedules set forth in the PSA CHARGES section below.

DESCRIPTION

The PSA shall be the sum of the following two components as described below, for each applicable Rate Schedule:

- (1) Transmission Component
- (2) Distribution Component

Transmission Component

The Transmission Component shall recover Company's incremental Operation and Maintenance expenses related to complying with federal mandates resulting from the Pipeline Safety Improvement Act of 2002. Such costs would include expenses related to mapping, training, assessment, testing, data collection and storage, verification audits, remediation, right-of-way clearing, public education programs, and all other incremental costs required to comply, including associated taxes.

Company's actual, incremental pipeline safety expenses, subject to a \$5.5 million Annual Limit, shall be reconciled annually with the actual recovery under this PSA, with any difference being reflected as a charge or credit over the next twelve months.¹

Actual incremental pipeline safety expenses incurred by Company in excess of the \$5.5 million Annual Limit shall be deferred for recovery either through this PSA in a subsequent annual period, or if approved, in Company's base rates.

The Transmission Component allocation percentage is based on the Rate Schedule margins approved by the Commission in Cause No. 43298.

<u>Rate Schedule</u>	<u>Transmission Component Allocation Percentage</u>
210/211 (1)	70.4734%
220/229	19.7671%
225	0.6129%
240	0.3847%
245	3.5411%
260	5.2208%

¹ The Commission order in Cause No. 43967 that continues the PSA provides for a comprehensive review of the operation of the PSA after the July 31, 2013 PSA filing.

APPENDIX H **PIPELINE SAFETY ADJUSTMENT** **(SUSPENDED)**

(Continued)

Distribution Component

The Distribution Component shall recover Company's incremental Operation and Maintenance expenses related to Distribution Integrity Management Program ("DIMP") Implementation Expenses as required by the Pipeline and Hazardous Materials Safety Administration's ("PHMSA") DIMP Final Rule.

Recoveries of actual DIMP Implementation Expenses shall be capped at \$1,500,000 annually².

The allocation percentage for DIMP Implementation Expenses is based on the distribution O&M allocator as presented in Company's cost of service study in Cause No. 43298.

<u>Rate Schedule</u>	<u>Distribution Component Allocation Percentage</u>
210/211 (1)	78.3996%
220/229	13.7282%
225	0.4148%
240	0.2224%
245	2.2609%
260	4.9742%

Reconciliation

Company's actual, incremental Transmission and Distribution Component expenses shall be reconciled annually with actual recoveries under the PSA, with any differences being reflected as a charge or credit in a subsequent PSA.

PSA CHARGES

The PSA shall be applied to each therm of metered gas usage each month. The current PSAs by Rate Schedule are set forth below:

<u>Rate Schedule</u>	<u>Transmission Component (\$ per Therm)</u>	<u>Distribution Component (\$ per Therm)</u>	<u>Total PSA Charge (\$ per Therm)</u>
210/211 (1)	\$0.0000	\$0.0000	\$0.0000
220/229	\$0.0000	\$0.0000	\$0.0000
225	\$0.0000	\$0.0000	\$0.0000
240	\$0.0000	\$0.0000	\$0.0000
245	\$0.0000	\$0.0000	\$0.0000
260	\$0.0000	\$0.0000	\$0.0000

(1) The Pipeline Safety Adjustment for Rate 211 is stated in \$ per gas lighting fixture.

² The Commission order in Cause No. 44092 establishes the DIMP Ongoing Expenses cap and provides for further review of such expenses in excess of the cap.

APPENDIX I **ENERGY EFFICIENCY RIDER**

APPLICABILITY

The Energy Efficiency Rider shall be applicable to all Customers served under the following Rate Schedules:

- Rate 210 – Residential Sales Service
- Rate 220 – General Sales Service
- Rate 225 – School/Government Transportation Service

DESCRIPTION

The Energy Efficiency Rider will be the sum of the following two components, for each applicable Rate Schedule as described below:

- (1) Energy Efficiency Funding Component (EEFC)
- (2) Sales Reconciliation Component (SRC)

Energy Efficiency Funding Component (EEFC):

The EEFC shall recover the costs of funding energy efficiency efforts throughout Company's Service Area. These efforts may include, among others, energy efficiency programs, customer education programs, and weatherization programs designed to benefit Customers under the applicable Rate Schedules.

The estimated annual costs, plus related revenue taxes, shall be divided by projected sales volumes to determine the applicable EEFC. The actual costs recoverable and the actual costs recovered under the EEFC shall be reconciled, with any under or over recovery being recovered or returned via the EEFC over a subsequent twelve month period.

Sales Reconciliation Component (SRC):

The SRC shall recover the differences between Actual Margins and Adjusted Order Granted Margins for the applicable Rate Schedules.

Actual Margins are defined as monthly margins for each Rate Schedule, prior to the SRC Adjustment. Adjusted Order Granted Margins are defined as the order granted monthly margins for each Rate Schedule as approved in Company's most recent general rate case as adjusted to reflect the change in number of customers from the order granted levels. To reflect the change in number of customers, order granted margin per customer is multiplied by the change in the number of customers since the like month during the test year, with the product being added to the order granted margins for such month.

Company shall defer the calculated differences between Actual Margins and Adjusted Order Granted Margins for subsequent return or recovery via the SRC. Annually, Company shall reflect in a revised SRC the accumulated monthly margin differences. Margin differences from Residential Customers eligible for recovery in the EER annually are capped at 4% of adjusted order granted margins attributable to Residential Customers (as approved in Cause No. 45468) applicable to the previous year. Any actual margin differences from Residential Customers in excess of the 4% SRC cap (up to \$4.5 million per year) will be deferred for future recovery either in a future EER filing, with the annual residential SRC amount for Residential Customers still subject to the 4% cap, or in a future rate case.

The accumulated monthly margin differences to be included in the SRC, for each Rate Schedule, shall be divided by projected sales volumes for each Rate Schedule to determine the applicable SRC. Projected and actual recoveries by Rate Schedule under the SRC are reconciled, with any under or over recovery being recovered or returned over the next twelve month period.

APPENDIX I **ENERGY EFFICIENCY RIDER**

ENERGY EFFICIENCY RIDER RATE

The applicable Energy Efficiency Rider Rate (the sum of the EEFC and SRC) shall be applied to each therm of metered gas usage each month.

<u>Rate Schedule</u>	(A) <u>Energy Efficiency Component</u>	(B) <u>Sales Reconciliation Component</u>	(A) + (B) <u>Energy Efficiency Rider Rate</u>
210	\$0.01216	\$0.00848	\$0.02064
220/225	\$0.01216	(\$0.01264)	(\$0.00048)

All rates are in \$/therm.

APPENDIX J **SCHOOL/GOVERNMENT NOMINATION AND BALANCING** **PROVISIONS**

APPLICABILITY

The following Provisions shall apply to School/Government Suppliers under Rate 285.

DAILY SCHEDULING OF DIRECTED DELIVERY QUANTITIES:

By 10:00 a.m. Central Clock Time (CCT), Company will post on its EBB, School/Government Supplier's DDQ by Pool for the gas day beginning 9:00 a.m. CCT the following day. Such DDQ shall be the sum of: 1) the Expected Demand of School/Government Supplier's Pool for that gas day calculated using the Pool's demand equation and forecasted weather plus an Unaccounted For Gas Percentage as set forth in Appendix F; and 2) any necessary adjustments for interstate pipeline and/or Company operating constraints, system knowledge and experience, and/or prior imbalances associated with the periodic volume reconciliations. The DDQ will be stated in city gate Dekatherms. At the time of posting the DDQ, Company shall indicate the minimum, maximum, or exact volume that shall be delivered by Supplier on each interstate pipeline or to each Company city gate to achieve the DDQ, and shall post any interstate pipeline and/or Company operating constraints that are expected to be in effect the following day(s). By 1:00 p.m. CCT each day, and via intra-day nominations thereafter, Supplier shall nominate to the Company via the Company's EBB the quantity of gas that it has scheduled for delivery at Company's city gate(s) for its Pool(s) for the following gas day. Supplier agrees to adhere to comply with any Company operating and/or interstate pipeline restrictions communicated by Company.

APPENDIX J

SCHOOL/GOVERNMENT NOMINATION AND BALANCING PROVISIONS

BALANCING PROVISIONS

School/Government Supplier shall be obligated to balance its forecasted DDQ with the total daily deliveries of School/Government Supplier-Delivered Gas. An Imbalance Quantity shall exist when the School/Government Supplier's DDQ is greater than or less than its total deliveries on a daily basis. Amounts paid by Company to School/Government Supplier in cashing out Imbalance Quantities shall be eligible for recovery in the Gas Cost Adjustment. Amounts received by Company from School/Government Supplier in cashing out Imbalance Quantities shall be credited against gas costs in the Gas Cost Adjustment.

The following definitions shall apply:

Daily Index Price: The Daily Midpoint Prices per Dekatherm reported in Gas Daily, in the table "Daily Price Survey" for delivery to:

- (1) Texas Gas, Zone SL, or
- (2) ANR, La; or
- (3) Texas Eastern, ELA, or
- (4) Panhandle, Tx-Okla; or
- (5) Chicago City-Gates; or
- (6) REX Zone 3, delivered.

Daily Under-Delivery Charge: The Daily Under-Delivery Charge shall be the highest of the sums of each Daily Index price and the maximum interruptible pipeline transportation rate, including fuel and all surcharges, applicable to each Daily Index Price.

Daily Over-Delivery Charge: The Daily Over-Delivery Charge shall be the lowest of the sums of each Daily Index Price and the firm pipeline transportation commodity rate, including fuel and all surcharges, applicable to each Daily Index Price.

DAILY BALANCING PROVISIONS

School/Government Supplier shall be obligated to balance its Pool DDQ with the aggregated total daily deliveries of School/Government Supplier-Owned Gas by the pipeline ("Total Daily Deliveries"). A Daily Imbalance Quantity shall exist when the School/Government Supplier's Total Daily Deliveries are greater than or less than the DDQ.

Daily Under-Delivery Imbalance:

During a Cold Weather OFO, these provisions will be replaced by those specified in the section entitled Operational Flow Orders.

If School/Government Supplier's Total Daily Deliveries are less than its DDQ, the gas shortfall shall be considered Daily Under-Delivery Imbalance Quantities. School/Government Supplier shall pay Company for Daily Under-Delivery Gas Quantities of Total Daily Usage pursuant to the following:

- (1) the Daily Under-Delivery Charge for each Dekatherm of Under-Delivery Imbalance Quantity; plus
- (2) DDQ non-compliance charge of \$0.99 per Dekatherm; plus
- (3) All other charges incurred by Company and attributable to School/Government Supplier's Daily Under-Delivery Imbalance Quantity, including pipeline penalty charges; plus
- (4) Applicable taxes.

Daily Over-Delivery Imbalance:

During a Warm Weather OFO, these provisions will be replaced by those specified in the section entitled Operational Flow Orders.

If School/Government Supplier's Total Daily Deliveries are greater than its DDQ, the excess gas shall be considered Daily Over-Delivery Imbalance Quantities. Company shall pay School/Government Supplier for each Dth of Daily Over-Delivery Gas Quantities the Daily Over-Delivery Charge.

APPENDIX J

SCHOOL/GOVERNMENT NOMINATION AND BALANCING PROVISIONS

School/Government Supplier shall pay Company for Daily Over-Delivery Gas Quantities pursuant to the following:

- (1) the DDQ non-compliance charge of \$0.99 per Dekatherm; plus
- (2) All other charges incurred by Company and attributable to School/Government Supplier's Daily Over-Delivery Imbalance Quantity, including pipeline penalty charges; plus
- (3) Applicable taxes.

OPERATIONAL FLOW ORDERS

School/Government Supplier is obligated, when requested by the Company through an Operational Flow Order ("OFO"), to nominate and deliver gas supply to the Company's city gates in the manner instructed by the Company. Company may call a Cold Weather OFO or a Warm Weather OFO where such action is necessary, in the Company's sole judgment, to (1) protect the reliability of Company's gas system; (2) comply with Company's Curtailment Procedures in the General Terms and Conditions Applicable to Gas Service, and/or (3) adhere to the various interstate pipeline companies' balancing requirements, as stated in their FERC-approved tariffs.

Cold Weather OFO Day: During a Cold Weather OFO, the School/Government Supplier shall be subject to the following Daily OFO Under-Delivery Imbalance provisions:

When School/Government Supplier has a Daily Under-Delivery Imbalance School/Government Supplier shall pay Company the following:

- (1) For each Dekatherm of Daily Under-Delivery Imbalance Quantity the higher of the highest incremental gas cost paid by Company on the date of noncompliance or the Daily Under-Delivery Charge; plus
- (2) OFO Non-Compliance Charge of \$9.85 per Dekatherm; plus
- (3) All other charges incurred by Company and attributable to School/Government Supplier's Daily Under-Delivery Imbalance Quantity, including pipeline penalty charges on the OFO shortfall quantities; plus
- (4) Applicable taxes.

Warm Weather OFO Day: During a Warm Weather OFO, the School/Government Supplier shall be subject to the following Daily OFO Over-Delivery Imbalance provisions:

When a School/Government Supplier has a Daily Over-Delivery Imbalance the Company shall pay School/Government Supplier for each Dekatherm of Daily Over-Delivery Imbalance Quantity the lower of the lowest incremental gas cost paid by Company on the date of noncompliance or the Daily Over-Delivery Charge.

School/Government Supplier shall pay Company for Daily Over-Delivery Quantities pursuant to the following:

- (1) OFO Non-Compliance Charge of \$9.85 per Dekatherm; plus
- (2) All charges incurred by Company and attributable to the School/Government Supplier's Daily Over-Delivery Imbalance Quantity; including pipeline penalty charges on the OFO excess quantities; plus
- (3) Applicable taxes.

APPENDIX J

SCHOOL/GOVERNMENT NOMINATION AND BALANCING PROVISIONS

IMBALANCE TRADING

School/Government Supplier may trade daily imbalance quantities with other School/Government Suppliers in the same operating system reduce or eliminate its imbalances. Imbalance Trading is subject to the following Terms and Conditions:

- (1) The schedule for the trading of imbalances shall be as follows:
 - a. Company shall issue an initial statement of monthly imbalances (i.e. prior to imbalance trades) to School/Government Supplier.
 - b. School/Government Supplier shall complete and submit its monthly imbalance trades to Company within two (2) business days following the issuance of the initial imbalance statement.
 - c. Company shall issue a final imbalance statement of monthly imbalances to School/Government Supplier within three (3) business days following the close of imbalance trading.
- (2) The quantity eligible for trading is 100% of the calculated pre-trade daily imbalance quantities. School/Government Supplier may not trade to establish an imbalance in the opposite direction of the original imbalance.
- (3) Any City-Gate Non-Compliance volumes will not be changed due to trading of imbalances, and will be subject to the City-Gate Non-Compliance Charge.
- (4) Company will bill both parties to an Imbalance Trade a \$9.85 Imbalance Trading Charge for each transaction. For purposes of this charge, a transaction is each transfer of gas imbalance on a specific gas day pursuant to an arrangement by, or between, School/Government Supplier(s) to purchase, sell, or trade gas imbalances.
- (5) Any dollar payments, receipts, or exchanges of other consideration agreed upon between the parties to an Imbalance Trading transaction are outside the scope of this Tariff for Gas Service and must be completed between the parties themselves.
- (6) Trading of imbalances will not be permitted across operational systems or Gas Transportation Programs.

APPENDIX J

SCHOOL/GOVERNMENT NOMINATION AND BALANCING PROVISIONS

VOLUME RECONCILIATIONS

Annual Reconciliation:

Company will identify imbalances on an annual basis for each School/Government Supplier's Pool through calculating the difference between the Pool's Delivered Supplies and its Pool's Usage. Calculation of imbalances will be based on Supplier's monthly deliveries to its Pool reduced by the Unaccounted For Gas Percentage as set forth in Appendix F and compared to the Pool's total usage.

School/Government Supplier will eliminate any annual imbalances via either:

- (1) payment from Company for Over-Delivery Imbalance Quantities, or
- (2) payment from School/Government Supplier for Under-Delivery Imbalance Quantities

at the "Weighted Average Imbalance Price" calculated based on:

- (1) School/Government Supplier deliveries; and
- (2) the arithmetic average of the "Monthly Contract Index" prices published as reported by Inside FERC's Gas Market Report in the table "Prices of Spot Gas Deliveries to Pipelines" for the applicable months during the period of delivery to:

- (1) Texas Gas, Zone SL, or
- (2) ANR, La; or
- (3) Texas Eastern, ELA, or
- (4) Panhandle, Tx-Okla; or
- (5) Chicago City-Gates; or
- (6) REX Zone 3, delivered,

inclusive of firm pipeline transportation commodity rate, fuel and all surcharges, and adjusted for the necessary taxes.

WAIVER OF CHARGES

In its reasonable discretion, on a case-by-case basis, Company may waive all or part of any Charge assessable to School/Government Supplier pursuant to this Appendix J, provided, however, that the waiver of such Charge shall be exercised on a non-discriminatory basis. Requests for waivers, showing justifiable cause, must be submitted in writing to Company.

APPENDIX K

COMPLIANCE AND SYSTEM IMPROVEMENT ADJUSTMENT

APPLICABILITY

The Compliance and System Improvement Adjustment (“CSIA”) shall be applicable to all Customers on the Rate Schedules set forth in the CSIA Charges section below.

DESCRIPTION

The CSIA shall include, as approved by the Commission:

- (1) In Cause No. 45611, recovery of costs incurred pursuant to Federally Mandated Projects (“Compliance”) as provided for in Ind.Code Ch. 8-1-8.4; and
- (2) In Cause No. 45611, recovery of costs associated with Company’s TDSIC Plan (“TDSIC”) as provided for in Ind. Code Ch. 8-1-39 for the purposes of safety, reliability, system modernization, or economic development.

Reconciliation

Company’s actual CSIA costs shall be reconciled semi-annually with actual CSIA recoveries, with any differences being reflected as a charge or credit in a subsequent CSIA.

Allocation Percentages

CSIA costs shall be allocated to the Rate Schedules based on percentages approved in Cause No. 45468.

<u>Rate Schedule</u>	<u>Compliance Allocation</u>	<u>TDSIC Allocation</u>
	<u>Percentage</u>	<u>Percentage</u>
210	67.7029%	68.0099%
220/229	19.3684%	24.3630%
225	0.7463%	0.4300%
240	0.2104%	0.2996%
245	3.6958%	2.1293%
260/270	8.2762%	4.7682%

CSIA CHARGES

The CSIA shall be applied to each customer or therm of metered gas usage as applicable. The current CSIAs by Rate Schedule are set forth below:

<u>Rate Schedule</u>	<u>\$ per Month</u>	<u>\$ per Therm</u>
210	\$0.00	\$0.0262
220/229		\$0.0155
225		\$0.0078
240		\$0.1711
245		\$0.0075
260/270		\$0.0025

Effective: January 31, 2024

APPENDIX L **TAX SAVINGS CREDIT RIDER**

APPLICABILITY

The Tax Savings Credit Rider (“TSCR”) is applicable to any Customer served under the Rate Schedules identified below.

- Rate 210 – Residential Sales Service
- Rate 220 – General Sales Service
- Rate 225 – School/Government Transportation Service
- Rate 229 – Natural Gas Vehicle Service
- Rate 245 – General Transportation Service
- Rate 260 – Large Volume Transportation Service
- Rate 270 – Contract Transportation Service

DESCRIPTION

The Tax Savings Credit Rider will flow back the tax benefits including credits associated with the amortization of Excess Accumulated Deferred Income Tax (“EADIT Credits”) liability resulting from the Tax Cuts and Jobs Act of 2017 in accordance with guidelines of Commission Orders, including Cause No. 45032-S21.

Reconciliation

Company’s actual TSCR Credits shall be reconciled annually with actual TSCR recoveries, with any differences being reflected as a charge or credit in a subsequent TSCR.

Allocation Percentages

EADIT Credits shall be allocated to the Rate Schedules based on percentages approved in Cause No. 45468.

<u>Rate Schedule</u>	<u>EADIT Credit Allocation Percentage</u>
210	67.7029%
220/229	19.3684%
225	0.7463%
240	0.2104%
245	3.6958%
260/270	8.2762%

TSCR Charges

The TSCR shall be applied to each customer or term of metered gas usage as applicable. The current TSCRs by Rate Schedule are set forth below:

<u>Rate Schedule</u>	<u>\$ per Month</u>	<u>\$ per Therm</u>
210	\$(0.39)	
220/229		\$(0.0047)
225		\$ 0.0020
240		\$(0.0159)
245		\$(0.0016)
260/270		\$(0.0008)

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

APPLICABILITY

These Terms and Conditions shall be applicable to Gas Service provided by Company. In the event these Terms and Conditions conflict with any Definition, Rate Schedule or Appendix, the Terms and Conditions shall be controlling.

1. APPLICATION OR CONTRACT REQUIRED FOR GAS SERVICE

- A. An application and/or contract, properly executed, may be required from Customer before Company will provide Gas Service, provided, however, that Company shall have the right to reject any application and/or offer of contract for any valid reason.
- B. When Customer's application for Gas Service is accepted by Company, such application and acceptance shall constitute an agreement between Customer and Company.
- C. Company shall determine the availability of Gas Service and the conditions under which Gas Service shall be provided.
- D. Company shall prescribe reasonable terms to be included in the contract between Company and Customer.
- E. If a contract between Company and Customer contains any provision which is contrary to, or becomes contrary to, any Definition, Rate Schedule, Company's General Terms and Conditions, the Commission's Regulations, any lawful decision of the Commission or is, or becomes, otherwise not in accordance with valid local, state, and/or federal laws, such provision shall be of no force or effect.
- F. In its reasonable discretion, Company may require a long-term contract when unusual construction or equipment expense is necessary to provide Gas Service.
- G. Company may refuse Gas Service or disconnect Gas Service on account of arrearages due for Gas Service furnished to persons formerly receiving service at the Premises as Customer of Company, if the former Customer continues to reside at such Premises.

2. ALL AGREEMENTS TO BE INCORPORATED IN CONTRACT

No promises, agreements, or representations of any agent of Company shall be binding upon Company unless the same shall have been incorporated in a written contract before such contract is signed and approved by an authorized agent of Company.

3. ASSIGNMENT OF CONTRACT

The benefits and obligations of any contract for Gas Service shall inure to and be binding upon successors and assigns, and executors or administrators, as the case may be, of the original parties thereto, respectively, for the full-term thereto; provided that no assignment thereof shall be made by Customer without first obtaining Company's prior written consent.

4. DATA ON CUSTOMER'S INSTALLATION

Upon request of Company, Customer shall present in writing to Company a list of the equipment or appliances which are or will be connected to Company's lines, giving the locations on the Premises and the nameplate input ratings of all such equipment or appliances.

5. CONSENT FROM COMPANY BEFORE INCREASING LOAD

Commercial and Industrial Customers shall not install gas equipment of any kind or otherwise increase the demand for Gas Service beyond existing contractual limits or facilities capabilities except upon prior written consent from Company.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

6. EXTENSION OF COMPANY'S FACILITIES

- A. The obligation of Company to provide any extension of facilities shall be subject to the Restrictions on New and Additional Gas Service and Curtailment Procedures made effective pursuant to other provisions of Company's General Terms and Conditions and as otherwise provided by law.
- 1) Company shall provide to any Customer, without charge, a Standard Installation. A Standard Installation shall consist of up to 150 feet of underground service pipe to be supplied by a distribution main operating at 60 psig or less along with a meter and other equipment necessary to provide the service. All costs in excess of such Standard Installation shall be included along with the cost of distribution mains in the economic tests described in Rules 6.B. and 6.C.
- B. Except as provided for in Rule 6.C., upon request for Gas Service by a prospective Customer or a group of prospective Customers located in the same area, Company will extend without charge its facilities including distribution mains, underground service pipes, meters, and other equipment necessary to provide the service provided:
- 1) that Company's estimate of its Non-Gas Cost Revenue from such Gas Services provided to the prospective Customer(s) for a period of five and one-half (5.5) years is equivalent to or in excess of Company's estimate of the following:
- a. the cost of such distribution main(s), and
 - b. the cost in excess of a Standard Installation as defined in Rule 6.A.(1), and;
- 2) the prospective patronage or demand is of such permanency as to warrant the capital expenditure involved.
- C. Upon request for Gas Service by a prospective Customer in a Rural Area, or a group of prospective Customers located in the same Rural Area, that is (or are) eligible to receive service under Rate 210 – Residential Sales Service or Rate 220 – General Sales Service, Company will extend without charge its facilities including distribution mains, underground service pipes, meters, and other equipment necessary to provide the service provided:
- 1) that Company's estimate of its Non-Gas Cost Revenue from such Gas Services provided to the prospective Customer(s) for a period of twenty (20) years is equivalent to or in excess of Company's estimate of the following:
- a. the cost of such distribution main(s), and
 - b. the cost in excess of a Standard Installation as defined in Rule 6.A.(1); and;
- 2) the prospective patronage or demand is of such permanency as to warrant the capital expenditure involved; and
- 3) Company's capital investment in extension of facilities to such Rural Areas pursuant to Rule 6.C.(1) on and after January 1, 2014 through December 31, 2020 has not exceeded \$19,999,000.
- 4) "Rural Area" is defined, for purposes of this Rule 6.C., as any area within Company's service territory that is unincorporated, or other areas as approved by the Commission.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

- D. If the cost of the facilities necessary to provide the Gas Service requested exceeds the applicable without-charge limit; Company may require either a deposit or adequate provision of the payment of a deposit equal to the cost of the facilities extension in excess of the without-charge limit.
- E. Any refundable extension deposit accepted by Company shall be subject to refund until the expiration of the six-year contract period. For each Customer connected to the extension, Company shall refund an amount by which five and one-half (5.5) times the estimated annual Non-Gas Cost Revenue for gas appliances actually installed exceeds the estimated cost of connecting such Customer. At no time shall the aggregate refund made to any depositor exceed the amount of extension deposit received from such depositor.
- F. Upon request for Gas Service by a prospective Customer where, in Company's opinion, the facilities extension is of such length and the prospective Non-Gas Cost Revenue which may be developed by it is so meager as to make it doubtful whether the Non-Gas Cost Revenue from the extension would ever pay a fair return on the investment involved, or in the case of a real estate development with slight or no immediate demand for service, or in the case of Industrial installations requiring slight or irregular service and requiring extensive equipment, such facilities extension requests shall be submitted to the Commission for investigation and determination as to the convenience and necessity of such extension, and if so required, the conditions under which they shall be made.
- G. Targeted Economic Development Projects pursuant to Ind. Code Ch. 8-1-39 are excluded from the provisions of Rules 6.B.1 and 6.C.1.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

7. COMPANY'S SERVICES, METERS, AND APPURTENANCES

- A. Company shall locate the point to which the service connection will be made, and subject to other provisions of Company's Terms and Conditions, shall furnish, install, and maintain all piping up to the inlet of the meter.
- B. Customer shall provide, at no expense to Company, a suitable route for the service line and a place near the service entrance, acceptable to Company, for the meter or meters and any necessary appurtenant devices which may be provided by Company.
- C. Customer shall allow Company the necessary easements or consents authorizing the installation and maintenance, on, over, and through Customer's private property, of all piping, meters, or allied equipment as may be necessary or convenient for providing Gas Service to Customer, either by Customer's agreement to abide by Company's General Terms and Conditions, or execution of Company-supplied forms for such specific easements.
- D. All Gas Service provided by Company shall be measured by a meter or meters installed and maintained by Company in accordance with the Commission's Regulations.
- E. Customer may be required to contribute to part or all of the costs of such facilities including applicable taxes.

8. CUSTOMER'S RESPONSIBILITY FOR COST OF FACILITIES MODIFICATIONS

If Customer either by request or by action requires that Company's facilities be redesigned, re-engineered, relocated, removed, modified, or reinstalled, Company may require Customer to make payment to it of the full cost of performing such facilities modifications including any applicable taxes.

9. COMPANY PROPERTY AND PROTECTION THEREOF

All meters and other equipment furnished by and at the expense of Company which may at any time be on or in Customer's Premises, shall, unless otherwise expressly provided, be and remain the property of Company, and Customer shall protect such property from loss or damage, and nobody except authorized agents of Company, shall be permitted to remove, change or adjust such property.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

10. CUSTOMER'S PIPING, APPLIANCES, AND EQUIPMENT

- A. Customer shall furnish, install, and maintain all necessary piping beyond the outlet side of the meter and the appliances and equipment connected to such piping, in accordance with applicable state and local codes, regulations, and/or requirements and in accordance with Company's Terms and Conditions.
- B. It shall not be the duty of Company to inspect Customer's piping, appliances, or equipment.
- C. Company reserves the right to refuse to provide Gas Service when conditions are believed to be dangerous, hazardous, or otherwise unacceptable in the judgment of Company, although Company is under no duty to make such a judgment.
- D. Except as authorized by Company, no Gas Service other than that being provided by Company shall be used on the same installation as is used for the service supplied by Company.

11. ACCESS TO CUSTOMER'S PREMISES

Authorized agents of Company shall have access to Customer's Premises at all reasonable times for the purpose of:

- A. Turning on or shutting off, reading, inspecting, testing, repairing, or replacing the meter or meters or other equipment used in providing Gas Service and for removing the same upon the termination of the contract and/or discontinuance of Gas Service;
- B. Determining the compliance of Customer with the applicable Rate Schedule and Appendices, contract with the Company, Company's General Terms and Conditions, or the Commission's Regulations; and
- C. Accessing Customer's gas appliances to re-light or turn off pilot lights.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

12. PREDICATION OF RATE SCHEDULES

- A. Company's Rate Schedules are predicated upon one type of Gas Service being provided separately to Customer at a single Premises.
- B. The combining through one meter of Gas Services under two or more Rate Schedules or to two or more Premises shall not be permitted.

13. CUSTOMER'S SELECTION OF RATE SCHEDULE

- A. When more than one Rate Schedule is applicable to Customer, Customer shall select which Rate Schedule Customer desires, provided that each selection of Rate Schedule shall remain in effect for no less than a twelve-month period.
- B. Company does not guarantee that Customer shall be served under the most favorable Rate Schedule at all times, and no refund shall be made for the difference in charges between the Rate Schedule under which Gas Service has been provided and another applicable Rate Schedule.

14. RESALE OF SERVICE

Gas Service shall not be provided to any Customer for resale in whole or in part, except to a public utility regulated by the Commission or for the express and limited purpose of providing NGV Service. However, Company is under no obligation to provide Gas Service for resale to another public utility.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

15. METERING

- A. Certain charges for Gas Service provided to Customer shall be calculated based upon the measurement of the meter or meters installed by Company.
- B. Whenever it is determined that an installed meter is not recording within the limits of accuracy as prescribed by the Commission's Regulations, a billing adjustment shall be made in accordance with the Commission's Regulations.
- C. Meters shall be read monthly, or at other intervals as the circumstances may require, at the option of the Company.
- D. For billing purposes, where gas is metered at low pressure (inches of water column), a cubic foot of gas shall be taken to be the amount of gas in a volume of one cubic foot under the conditions existing in Customer's meter as and where installed; provided, however Company may at its option install meters which will compensate for changes in temperature above or below 60° Fahrenheit.
- E. For billing purposes, where gas is metered at higher pressure (psig), the volume of gas measured shall be corrected to correspond to a gas of standard conditions, free of water vapor, as a temperature 60° Fahrenheit and an absolute pressure of 14.65 pounds per square inch.
- F. When, for the convenience of Company, more than one meter is installed on one Premises for metering Gas Service to Customer under one Rate Schedule, the sum of the measurements of all such meters may be used to render one Bill.
- G. When, for the convenience of Customer, more than one meter is installed on one Premises for metering Gas Service to Customer under one Rate Schedule, separate Bills may be rendered for each meter, at the applicable rates and charges.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

16. BILLING

- A. Bills for Gas Service shall be rendered monthly. A billing month shall be as near to thirty days as is practicable, but may exceed that period as the circumstances may require.
- B. In order to render monthly Bills, for good cause Company may estimate the monthly usage of gas of any Customer, with appropriate adjustments to be made by Company on the first Bill rendered following the reading of the meter. Good cause includes but is not limited to:
 - 1. request of Customer;
 - 2. inclement weather;
 - 3. labor or union disputes;
 - 4. inaccessibility of Customer's meter if Company has made a reasonable attempt to read the meter, but was unable to;
 - 5. non-monthly meter reading schedule or no meter read on final bill; and
 - 6. other circumstances beyond the reasonable control of the Company, its agents, and employees.
- C. Any Customer who does not desire to receive an estimated Bill may read its meter and communicate the readings to the Company in an appropriate format that will be provided by Company.
- D. A Budget Bill Plan, allowing for equal monthly payments with a semi-annual adjustment, is available to Residential Customers and Small General Service Customers with no current delinquent bills and an established credit record.

17. PAYMENT OF BILLS

- A. Bills must be paid through a Company authorized method of payment, including mail-in payments, bank drafts (ACH), approved pay sites, electronic check and credit card payments, and electronic funds transfer, as they may change from time to time.
- B. If a Bill payment is not received by Company through an authorized method of payment on or before the gross payment date stated on the Bill, Customer shall be considered delinquent in payment and a late payment charge shall be levied.
- C. The gross payment date shall be at least seventeen days after the Bill is mailed by Company. When such date falls on a Saturday, Sunday, and other legal holiday, or a day Company's office is not open for business, the gross payment date shall be the first business day thereafter.
- D. Failure to receive a Bill shall not entitle Customer to pay the net Bill, if Customer fails to make payment on or before the gross payment date, nor shall it affect the right of Company to discontinue Gas Service for nonpayment of Bill as provided in the Commission's Regulations.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

18. DEPOSIT OR ARRANGEMENT TO ENSURE PAYMENT OF BILL

- A. Company may require from a present or prospective Residential Customer a cash deposit when standards of creditworthiness, as set forth in the Commission's Regulations, are not satisfied. The amount of such deposit shall not exceed one-third of the expected annual billing for Gas Service to be furnished to Customer.
- B. Company may require from a present or prospective Commercial or Industrial Customer a cash deposit equal to the sum of estimated billing amounts for Customer's two consecutive months of highest usage. Such deposits may be based on historical or expected usage.
- C. In lieu of a cash deposit, Company may in its reasonable discretion require an alternative security arrangement (e.g., a prepayment which is intended to serve the same purpose as a cash deposit).
- D. Interest will be paid at an interest rate set annually by the Commission, on deposits held more than thirty (30) days, beginning with the date of deposit to the date the deposit is credited to Customer's account.
- E. Deposits for Residential Customers will be credited to Customer's Bill after Customer has established a creditworthy payment record in accordance with standards set forth in the Commission's Regulations. At the request of Customer, the deposit shall be refunded to Customer in lieu of being credited to Customer's Bill.
- F. The deposit of a Residential Customer who does not establish a creditworthy payment record may be retained by Company until Gas Service is discontinued.
- G. The deposit of a Commercial or Industrial Customer may be retained by Company until Gas Service is discontinued.
- H. The deposit, plus accrued interest, if any, may be applied to the final Bill when Gas Service is discontinued. After applying the deposit and interest to the final Bill, any credit balance shall be refunded to Customer.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

19. DISCONTINUANCE OF SERVICE AT CUSTOMER'S REQUEST

- A. Whenever Customer desires to have Gas Service discontinued, Customer shall notify Company at least three working days in advance of the day discontinuance is desired. Customer shall remain responsible for all Gas Service used and the billing rendered therefore until Gas Service is discontinued.
- B. When Customer has entered into a contract with Company to take Gas Service from Company and Customer orders discontinuance of Gas Service before the expiration dates as established in the contract, Customer shall be liable for the payment of all applicable charges for the months remaining in the un-expired period of the contract term. Customer's liability for those charges shall be in addition to any other rights which Company may have with respect to the contract.

20. DISCONTINUANCE OF SERVICE WITHOUT NOTICE

Company can discontinue Gas Service to Customer without notice for any of the following reasons:

- A. For emergency repairs; or
- B. For lack of sufficient capacity or quantities of gas supply; or
- C. To maintain normal operating pressures; or
- D. If Company's regulators, meters, or other appurtenances or connections thereto have been tampered with and Company has reasonable grounds to believe that the affected Customer is responsible for such tampering; or
- E. If fraudulent or unauthorized use of gas is detected and Company has reasonable grounds to believe the affected Customer is responsible for such use; or
- F. If there exists in Customer's piping or in connection with Customer's gas-using equipment, any condition which, in Company's judgment, is dangerous or hazardous to life, physical safety, or property; or
- G. If there exists any other condition which, in Company's judgment, is dangerous or hazardous to life, physical safety, or property; or
- H. For any violation of Company's rules pursuant to Rule 28;
- I. For any other lawful reason.

Such discontinuance shall not, however, invalidate any contract and Company shall have the right to enforce any contract, notwithstanding such discontinuance.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

21. LIMITATIONS OF LIABILITY

- A. Neither Company nor Customer shall be liable to the other for any act, omission, or event caused by strikes, acts of God, or unavoidable accidents or contingencies beyond its control.
- B. Company shall not be liable for damages for any failure to supply gas or for an interruption, limitation, or Curtailment of Gas Service, whether or not such disruption is ordered by a governmental agency having jurisdiction, if such failure, interruption, limitation, or Curtailment is due to the inability of Company to obtain sufficient gas supplies at economical prices from its usual and regular sources or due to any other cause whatsoever other than willful default of Company.
- C. Company shall not be liable for damages caused by defective piping or appliances on Customer's Premises.
- D. Company shall not be liable for damages resulting to Customer or to third persons from the presence or use of gas or the presence of Company's equipment on Customer's Premises, unless due to the willful default or negligence on the part of Company.

22. NOTICE BY COMPANY

- A. Notice by Company to Customer may be given by letter, statement, or postcard deposited in the United States mail or private carrier with postage prepaid, or by facsimile, or email, or where written notice is not required, notice may be given by physical note or orally by any authorized agent of Company, either in person or by telephone.
- B. The notice shall be considered given:
 - 1. When actually communicated in the case of oral notice; or
 - 2. When deposited in the United States mail or placed with private carrier when notice is given by letter, statement, or postcard; or
 - 3. When sent when notice is given by facsimile; or
 - 4. When a physical note is left at Customer's Premises.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

23. GAS SERVICE TO MOBILE HOME PARKS

The obligation of Company to provide any extension of facilities shall be subject to the Restrictions on New and Additional Gas Service and Curtailment Procedures made effective pursuant to other provisions of Company's General Terms and Conditions. Subject to the foregoing, Company shall provide Gas Service to a Mobile Home Park ("Park") under the following conditions:

- A. Permanency. The Park shall be of a definite permanent nature and have improved streets, individual water and sewer connections to each lot, and each mobile home must rest on a concrete slab.
- B. Size. The Park shall have at least ten or more sites on which mobile homes may be located.
- C. Main Extensions. Main extensions shall be made in accordance with Rule 6 of Company's General Terms and Conditions, but for purposes of Rule 6, each Park Operator shall be considered to be the Customer. Non-Gas Cost Revenue estimates shall be determined by Company based on its knowledge of gas usage of mobile homes, taking in account the number and nature of gas appliances to be used and any other reasonable factors. Each Park Operator shall enter into an extension of facilities contract for construction of gas mains, if the Park does not have enough existing mobile homes equipped with gas appliances to justify a gas main extension under Rule 6.
- D. Easement. The Park Operator shall cause Company to be granted an easement in form and substance satisfactory to Company for the construction, maintenance and operation of Company's gas distribution system, together with the right of free access to read meters and repair or remove Company's services, regulators, meters, and any other facilities installed by Company.
- E. Extension and Metering. Company shall upon execution of an extension of facilities contract or work order showing economic feasibility and receipt of a proper easement, construct and maintain the required distribution system to serve the Park. Company shall extend service to each mobile home site to be supplied. The gas riser and the meter for each mobile home site shall be located in the rear one-third section of the site and not less than eighteen (18) inches from the roadside wall of the mobile home, unless a different location is deemed necessary by Company.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

- F. Fuel Lines. The Park Operator or mobile home Customer shall furnish, install, and maintain all fuel lines beyond Company's meters to the point of connection with the mobile home piping. The fuel lines to individual mobile home sites shall be:
1. Adequately sized to provide minimum pressure drop, but in no case less than ¾" pipe,
 2. Equipped with a terminal shutoff at a point adjacent to the mobile home, and
 3. Connected to the mobile home piping with either a semi-rigid tube or all-metallic flexible connector that shall be looped to prevent strain caused by settling or movement of the mobile home.
- G. Meter Protection. The Park Operator shall provide substantial protection satisfactory to Company for the gas riser and meter so as to minimize the likelihood of damage by moving of the mobile home.
- H. Relocation of Facilities. The Park Operator shall keep the gas distribution system free and clear of any obstruction that will interfere with the maintenance of the system and shall not construct or maintain any structure over Company's distribution mains or services. When there is a change in the Park's operation or construction which, in the judgment of Company, makes the relocation of the gas facilities necessary, or if relocation is requested by the Park, Company will move such facilities at the Park's expense to a location acceptable to Company to be provided by the Park.
- I. Rate Schedule. Gas Service will be supplied and metered separately to each single occupancy dwelling unit and/or such Park facility under the applicable Rate Schedule.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

24. CURTAILMENT PROCEDURES

When sufficient capacity or quantities of gas are not available to Company to meet existing and reasonably anticipated demands for Gas Service or to protect and replenish Company's underground gas storage reserves, which determinations shall be within Company's reasonable discretion, Company shall have the right to curtail Gas Service within any of its distribution systems so affected in accordance with the provisions of this Rule.

A. **Definitions.** For the purpose of this Rule, the following terms shall have the meanings defined below:

- (1) **Firm Curtailment Customer.** A Firm Curtailment Customer shall mean any Customer being served under Rate 220, 225, 245, 260, or 270 whose Average Daily Throughput in any billing month during or subsequent to the Base Period exceeds 1,000 therms.
- (2) **Average Daily Throughput.** The Average Daily Throughput for any Base Period billing month shall be the Firm Curtailment Customer's metered Throughput during such month divided by the number of days in the month.
- (3) **Base Period.** The Base Period is any twelve consecutive billing months as established by Company.
- (4) **Normal Monthly Throughput.** The Normal Monthly Throughput shall be the Firm Curtailment Customer's metered Throughput during each billing month of the Base Period. These quantities may be adjusted by Company for unusual circumstances.
- (5) **Human Needs Customers.** Human Needs Customers shall include hospitals, medical centers, nursing homes, and other Customers as determined by Company, whose Curtailment could adversely affect public health or safety.
- (6) **Gas Supply Curtailment.** Curtailment resulting from insufficient quantities of Company-supplied gas to meet the demands of Company's Sales Customers.
- (7) **Operational Curtailment.** Curtailment resulting from operational restrictions or insufficient distribution system capacity to supply Gas Services to Company's Gas Service Customers.
- (8) **Plant Protection Level.** The minimum quantity of Gas Service for Firm Curtailment Customers or Alternate Fuel capability for Interruptible Service Customers required by Customer to prevent endangering the health or safety of personnel, or to prevent extensive damage to Customer's facilities, equipment, or other property. This includes the protection of such material currently in process at the time a Curtailment is called which would otherwise be destroyed, but shall not include Gas Service required to maintain plant production.

B. **Curtailment Sequences.** Company shall have the right to curtail Gas Service to its Customers according to the following sequences based on the Company's projections of the total volume of gas curtailment required and the expected volume of gas curtailment obtainable in each step. Such Curtailment shall be effective as of the date and time specified in the notice to Customer. When necessary, in the sole opinion of Company, Gas Service shall be maintained to Human Needs Customers or other Customers who would otherwise be curtailed, to the extent necessary and practicable under the circumstances.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

B.1. Gas Supply Curtailment Sequence.

- (1) First, Rate 260 and 270 Non-Pooling Transportation Customers and Pool Operators' and School/Government Suppliers' Pools (under Rate Schedules 280 and 285) shall be subject to a declared Operational Flow Order (OFO) as set forth in Appendix E and Appendix J.
- (2) Next, Rate 240 Customers' purchases of Company-Supplied Gas shall be interrupted 100% and Rate 245 Non-Pooling Customers shall be subject to the OFO as set forth in Appendix E.
- (3) Next, the Company may curtail or interrupt Gas Service to any Company-Supplied Customer as necessary to maintain Gas Service. If, in the Company's sole discretion, Curtailment in a specific geographic area is required to maintain Gas Service, Company may curtail or interrupt Gas Service in those specific geographic areas.
- (4) Next, Rate 245, 260, and 270 Non-Pooling Transportation Customers' transportation gas quantities on Company's system shall be limited to Customers' respective Plant Protection Levels, and the remainder of their delivered supply shall be diverted to use for Company Supply. If, in the Company's sole discretion, Curtailment in a specific geographic area is required to maintain Gas Service, Company may curtail or interrupt Gas Service in those specific geographic areas.
- (5) In the event further Curtailment is required to maintain Gas Service, Company shall be entitled to curtail or interrupt Gas Service to any Customer. If, in the Company's sole discretion, Curtailment in a specific geographic area is required to maintain Gas Service, Company may curtail or interrupt Gas Service in those specific geographic areas.
- (6) At Company's discretion, Company may allow incremental increases in usage, as possible.
- (7) Compensation for the diversion of Customers' transportation gas quantities as provided for in Rule 27(B1) (6), will be in the amount of:
 - (a) **Daily Index Price:** The Daily Midpoint Prices per Dekatherm as reported in Gas Daily in the table "Daily Price Survey", for delivery to:
 - 1) Texas Gas, Zone SL; or
 - 2) ANR, La; or
 - 3) Texas Eastern, ELA; or
 - 4) Panhandle, Tx-Okla; or
 - 5) Chicago City-Gates; or
 - 6) REX Zone 3, delivered.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

- (b) the maximum interruptible transportation rate, including all applicable surcharges, for the applicable pipeline delivering the diverted gas to Company's system; plus
- (c) The average premium paid by the Company (stated on a per dekatherm basis) to firm gas suppliers.

Such gas costs shall be recoverable by Company through the Gas Cost Adjustment.

B.2. Operational Curtailment Sequence.

- (1) First, in the event Curtailment in a specific geographic area is required to maintain Gas Service, Company shall be entitled to curtail or interrupt Gas Service to any Rate 240, 245, 260, and 270 Non-Pooling Transportation Customers, and Pool Operators' and School/Government Suppliers' Pools (under Rate Schedules 280 and 285) shall be subject to a declared OFO, as set forth in Appendix E and Appendix J.
- (2) Next, as determined by Company, Firm Curtailment Customers' shall be curtailed to their respective Plant Protection Levels. If, in the Company's sole discretion, Curtailment in a specific geographic area is required to maintain Gas Service, Company may curtail or interrupt Gas Service in those specific geographic areas.
- (3) In the event further Curtailment is required to maintain Gas Service, Company shall be entitled to curtail or interrupt deliveries of Gas Service to any Customer. If, in the Company's sole discretion, Curtailment in a specific geographic area is required to maintain Gas Service, Company may curtail or interrupt Gas Service in those specific geographic areas.
- (4) At Company's discretion, Company may allow incremental increases in usage, as possible.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

C. **Curtailment Notification.**

- (1) Company shall give notification of Curtailment in the most effective manner possible and as much in advance as reasonably possible with regard to the existing circumstances and the number of Customers to be notified.

D. **Lifting of Curtailment.** Any Curtailment shall be lifted in reverse order of the Curtailment Sequence.

E. **Unauthorized Gas Usage.**

- (1) **Assessment of Unauthorized Gas Usage Charge.** When a Curtailment is in effect pursuant to the provisions of paragraph B of this Rule, gas usage by Customer in excess of the quantity permitted for such Customer shall constitute Unauthorized Gas Usage and shall be subject to the Unauthorized Gas Usage Charge set forth in Appendix C.
- (2) During the Curtailment period, Customer shall have no entitlement to Unauthorized Gas Usage. In the event Customer continues Unauthorized Gas Usage, Company may, in its sole discretion, discontinue Gas Service to Customer. The assessment of the Unauthorized Gas Usage Charge and the exercise of the right to discontinue Gas Service by Company shall be in addition to any other rights Company may have with respect to Customer's Unauthorized Gas Usage.

25. RESTRICTIONS ON NEW AND ADDITIONAL GAS SERVICE

A. Company reserves the right:

- (1) to restrict the extension of mains, the installation of service lines, and/or the addition of new Customers for any class of service; and/or
- (2) to restrict the annual, seasonal, or monthly volume and/or maximum hourly take of said Customers in keeping with available gas supply and system capacity.

B. Company may exercise such restrictions within its reasonable discretion:

- (1) to ensure the provision of safe, adequate, and reliable service to existing Customers;
- (2) on a temporary basis until Company is able to complete an engineering analysis; or
- (3) for any other valid reason to protect system integrity.

GENERAL TERMS AND CONDITIONS **APPLICABLE TO GAS SERVICE**

26. SERVICE CONTRACTS

- A. Customer may contract with Company to provide Contract service not specifically contained within this Tariff for Gas Service. Such contract services may include, but not limited to:
1. maintenance of Customer-Owned gas facilities,
 2. installation of gas facilities on Customer's Premises, and
 3. engineering/construction related services.
- B. Customer and Company shall enter into a contract specifying the terms and conditions under which such contract services shall be provided.
- C. The cost of providing such contract services shall be based on a methodology similar to that used by Company to establish costs of providing similar services under this Tariff for Gas Service, including applicable administrative and overhead charges.
- D. The terms of payment for such contract services shall be mutually agreed to by Customer and Company. The payment of such services may appear as a separate item on Customer's Bill for Gas Service.
- E. Contracting for services under this Rule will in no way affect Customer's and Company's respective obligations regarding the rendering of and payment for Gas Service under this Tariff for Gas Service and the applicable Rate Schedule and Appendices.

27. FRAUDULENT USE OF GAS

When Company identifies fraudulent or unapproved use of gas, or Company's regulation, measuring equipment or other service facilities have been tampered with, the Company may reasonably assume that Customer or other user has benefited by such fraudulent or unapproved use of such tampering. Customer or other user shall be responsible for payment of the reasonable cost of Gas Service used during the periods such fraudulent or unapproved or tampering occurred or is reasonably assumed to have occurred and for the cost of field calls, investigation, and the cost of effecting repairs necessitated by such use and/or tampering. Company may assess a Fraudulent Gas Usage Charge as set forth in Appendix C per occurrence for such field calls and repairs. Under such circumstances Company may, subject to any provision of Commission Rule 16 to the contrary, disconnect service without notice and Company is not required to reconnect the service until a deposit and all the above enumerated charges are paid in full. All Statutory penalties shall be fixed by court of competent jurisdiction or by agreement between Company and Customer.

28. VIOLATION OF RULES

Company may discontinue Gas Service upon violation by any Customer of any of Company's rules or regulations of which these General Terms and Condition are a part, by giving 14 days written notice mailed to such Customer at the address shown upon Company's records, advising Customer in what particular such rule or regulation has been violated, but where fraudulent use of gas is detected or where Company's regulation or measuring equipment has been tampered with or where a dangerous condition is found to exist on Customer's Premises, Gas Service may be shut off without notice in advance. Company shall not be liable for damage of any character caused by or resulting from a violation of these General Terms and Conditions.

AFFILIATE AND COST ALLOCATION GUIDELINES

AFFILIATE GUIDELINES

The OUCC and Indiana Gas Company, Inc. and/or Southern Indiana Gas and Electric Company ("Utility") (collectively "Parties") have negotiated in connection with Cause No. 41465 the following Affiliate Guidelines to govern the relationships between the Utility and its Affiliates. By agreement, the Guidelines have been modified in connection with Cause No. 37394GCA50S1 ("GCA50"). The Parties agree that these guidelines are intended to be enforced by the IURC, and they shall become effective upon their approval by the IURC. The OUCC and Utility may, through negotiation and agreement, jointly petition the IURC for modifications to these Affiliate Guidelines, in which case they would have the burden of proving any proposed change is in the public interest considering all relevant factors, including, but not limited to, price of service and the impact on competition. If either the OUCC or Utility desires changes to these Affiliate Guidelines and is unable to obtain agreement from the other party for such changes, then the party desiring changes may petition the IURC for the desired changes and bear the burden of proving that such changes are in the public interest. However, such petitions shall not be filed without first attempting to obtain the agreement of the other party. Subject to the following sentence, anyone else seeking a change to these Guidelines may also petition the IURC and would bear the burden of proving that the proposed changes are in the public interest. However, any such petition shall not be filed without the Utility and the OUCC first being notified and given a reasonable opportunity to consider the proposed change. The Commission may also make modifications to these Affiliate Guidelines on its own motion, after notice and hearing.

These Affiliate Guidelines should be read in conjunction with the "Cost Allocation Guidelines" developed by the OUCC and Utility and also approved by the Commission in Cause No. 41465. Subject through March 31, 2007 to the Settlement Agreement and ARP approved in GCA50 and Cause No. 42233, the Affiliate Guidelines and the Cost Allocation Guidelines govern all current and future affiliate relationships between the Utility and its Affiliates, with the limited exception that the Commission may approve an Affiliate contract that differs from these Guidelines if the Utility files a petition requesting an exception from the Guidelines and satisfies its burden to demonstrate that such contract is in the public interest considering all relevant factors, including, but not limited to, price of service and the impact on competition.

One purpose of these Affiliate Guidelines is to establish standards for procurement on competitive terms to govern the Utility's procurement of goods, services, assets, and other utility resources. Such procurement "on competitive terms" (as defined herein) shall be done with the objective of obtaining the best terms available for the Utility and its customers. The only exception to these procurement standards is the provision of "shared corporate support and administrative services" such as corporate treasury services and human resources. These services may be shared with other companies/affiliates with the CenterPoint Energy organization. The pricing of those services to the Utility shall be based on cost and be in accordance with the Cost Allocation Guidelines. See the definitions section below for a complete definition of "shared corporate support and administrative services".

AFFILIATE AND COST ALLOCATION GUIDELINES

DEFINITIONS

The definitions below apply to terms used in the Affiliate Guidelines and the Cost Allocation Guidelines.

“Affiliate” “Affiliate” means a person that is an affiliated interest for purposes of I.C. 8-1-2-49 or that is otherwise found to be an “Affiliate” by the Commission or otherwise is an “Affiliate” under Indiana Law.

“Person” “Person” includes the following: (a) individual, (b) corporation, regardless of type or state or country of incorporation, (c) unincorporated association, (d) company, whether limited liability or otherwise, and (e) business trust, estate, partnership, trust, two (2) or more persons having a joint or common economic interest, and any other entity.

“Commission” “Commission” means the Indiana Utility Regulatory Commission.

“IURC” “IURC” means the Indiana Utility Regulatory Commission

“OUCC” “OUCC” means the Indiana Office of Utility Consumer Counselor.

“Holding Company” “Holding Company” means the parent company, CenterPoint Energy, or its successor in interest of Indiana Gas Company and/or Southern Indiana Gas and Electric Company.

“Competitive Terms” “Competitive Terms” means the best terms reasonably available in the competitive marketplace at that time (including the terms available from the Utility itself under efficient operation) giving due consideration to both price and non-price terms such as quality and reliability. If the Utility itself can provide the services at the lowest cost with comparable quality and reliability, then that cost shall be considered the “competitive terms.”

“Shared Corporate Support and Administrative Services” “Shared Corporate Support and Administrative Services” means the following types of functions/services that the Utility may share with other companies/affiliates within the CenterPoint Energy organization: (1) accounting and corporate treasury services; (2) human resources; (3) information technology and communications services; (4) corporate directors and officers services; (5) legal services; (6) insurance and claims; (7) billing; (8) customer call center services; (9) facility and fleet management; and (10) environmental services. (See Specific Affiliate Guidelines Section 2, Items J, L, and O related to “Shared Corporate Support and Administrative Services.”)

“Capital Costs” “Capital Costs” means the costs associated with obtaining the financial capital required to provide physical assets such as office buildings, computers, or office equipment.

“Non-Regulated” “Non-Regulated” means not regulated by the Indiana Utility Regulatory Commission (IURC). “Non-Regulated” also applies to products or services over which the IURC has declined its jurisdiction.

“Similarly Situated” “Similarly Situated” means having general characteristics in common such as belonging to the same rate class or operating in the same or similar industries. A utility affiliated gas or power marketer would, for example, be considered similarly situated to other non-affiliated gas or power marketers.

AFFILIATE AND COST ALLOCATION GUIDELINES

GENERAL AFFILIATE GUIDELINES

- A. No Cross-Subsidies.** The Utility shall not subsidize Affiliates or non-regulated activities.
- B. Separation of Regulated and Non-Regulated Operations.** The separation of the Utility's regulated operations from the Holding Company's non-regulated business operations and Affiliates is necessary to prevent potential cross-subsidies. To the maximum extent practicable, the Utility shall separate its regulated operations from its own, its Affiliates, and its Holding Company's non-regulated operations. Instances where such separation does not exist must otherwise be in compliance with the Affiliate Guidelines and the Cost Allocation Guidelines.
- C. No Discrimination.** The Utility shall not discriminate in favor of or otherwise give preferential treatment to its Affiliates, its Affiliates' customers, or the Utility's own non-regulated activities.
- D. Comparability of Service.** The Utility shall provide comparable service to all similarly situated marketers, customers, or other entities, regardless of affiliation.
- E. Procurement on Competitive Terms.** With the exception of "shared corporate support and administrative services" (defined above) the procurement of goods, services, assets, and other resources by the Utility shall be on competitive terms, consistent with the public interest, and in compliance with these Affiliate Guidelines and the Cost Allocation Guidelines. The Utility may procure services from an Affiliate but such procurement must be done on competitive terms (defined above). The Utility's procurement process shall also comply with General Guideline C above (i.e., No Discrimination). The pricing of "shared corporate support and administrative services" to the Utility shall be based on cost and be in accordance with the Cost Allocation Guidelines.

AFFILIATE AND COST ALLOCATION GUIDELINES

SPECIFIC AFFILIATE GUIDELINES

1. Affiliates shall be charged for all costs incurred on their behalf. These costs shall be appropriately and reasonably allocated and shall include, but not be limited to, those associated with shared facilities, general and administrative support services, and other corporate overheads.
2. The Utility shall process all similar requests for service in the same manner and within the same reasonable time period for all similarly situated customers, marketers, and other entities, regardless of affiliation.
3. The Utility shall not give preference to or discriminate in favor of its Affiliates, its Affiliates customers, or its own non-regulated activities in matters including, but not limited to, the allocation, assignment, release, or transfer of rights to intrastate or interstate capacity, use of Utility distribution facilities, storage on system, rights to storage off system, or in the sale of gas.
4. The Utility shall not condition or tie any agreement to provide Utility service to any agreement relating to a service to be provided by an Affiliate.
5. To the maximum extent practicable, Utility employees shall function separately and independently from employees of Affiliates and those engaged in non-regulated activities including, but not limited to, gas marketers, power marketers, and other service providers.
6. The Utility may not, through tariff or otherwise, give any Affiliate or an Affiliate's customer or any non-regulated activity a preference or an advantage with respect to the transportation of gas including, but not limited to, the movement or delivery of gas on its distribution system, the administration of customer contracts, scheduling, nomination, balancing, metering, storage, standby service, curtailment policy, or billing/invoice disputes.
7. The Utility shall apply tariffs and their provisions and all other aspects of Utility service on a consistent and non-discriminatory basis to all similarly situated marketers, customers, and other entities regardless of affiliation.
8. Any discount or rebate for Utility service offered by the Utility to an Affiliate or an Affiliate's customer shall be offered on a non-discriminatory basis to all similarly situated marketers, customers, or other entities, regardless of affiliations. If the Utility waives a penalty or fee related to Utility service for an Affiliate or an Affiliate's customer, it shall waive such penalty or fee for similarly others on a non-discriminatory basis.

AFFILIATE AND COST ALLOCATION GUIDELINES

9. The Utility shall not give preference to or discriminate in favor of its Affiliate or its Affiliate's customers in its provision of information. This includes, without limitation, information related to the sale or marketing of energy or energy services to existing or potential new customers and information related to the availability of transmission, distribution, or storage capacity. Specific customer information shall be made available to affiliated or unaffiliated entities only upon consent of the customer or as otherwise provided by law or Commission rules or orders, except that customer name and address information may be provided to energy marketers or energy service providers.
10. The Utility may share information technology and communications services with other companies/affiliates within the CenterPoint Energy organization. However, such sharing of information technology and communications services shall not be done in a manner that violates Specific Guideline 9 above regarding the non-discriminatory provision of information. The Utility shall take whatever steps are necessary to fulfill this requirement such as, for example, the implementation of electronic "firewalls" or other measures to control access to Utility information.
11. The Utility shall not speak on behalf of its Affiliates or give the appearance that it speaks on behalf of its Affiliates. The Utility Affiliates shall not speak on behalf of the Utility or give the appearance that they speak on behalf of the Utility.
12. Customer call handling shall be performed on a non-discriminatory basis without respect to affiliations of the customer or affiliations of the customer's marketer or energy service provider. If a customer requests information about alternative sources of supply, the customer service representatives shall offer to provide a list of all alternative suppliers known to be serving customers in the same rate class as the customer making the inquiry, except those suppliers excluded by mutual agreement of the Utility and the OUC. Such a list may include Utility Affiliates, but the Utility customer service representatives shall not promote or endorse services offered by an affiliate. To ensure compliance with Specific Guidelines 9, 10, 11, and 12, the guidelines for handling of customer calls and information have been set out in writing and attached as Appendix A-1.
13. The Utility's Affiliates shall not trade upon, promote, or suggest that they receive preferential treatment as a result of affiliation with the Utility.
14. The Utility and its Affiliates shall not participate in joint advertising. An Affiliate may, however, reference the fact of its affiliation with the holding company. Such public references shall not: (a) make the Affiliate appear to be part of the Utility, or (b) suggest that the Affiliate or the Affiliate's customers will have any advantage as a result of the affiliation.
15. If the charges for Utility services are combined with charges for non-regulated energy services into a single bill, such a combined bill format will be made available on a non-discriminatory basis to non-affiliated entities that provide energy services in the Utility's service territory.
16. The Utility and its Affiliates shall maintain separate books and records, which shall be available for Commission inspection consistent with Indiana law.

AFFILIATE AND COST ALLOCATION GUIDELINES

17. The OUCC and its agents shall have access to officers and employees and access to the books and records of the Utility and its Affiliates as reasonably necessary to ensure compliance with these Affiliate Guidelines, the Cost Allocation Guidelines, and Title 8 of the Indiana Code. If disputes arise between the OUCC and Utility regarding the reasonableness of the timing or scope of requested access to Affiliate and Utility books and records, if not resolved by the parties, then such disputes may be presented to the Commission through use of an alternative dispute resolution process as agreed upon by the OUCC and Utility. During this process, Utility shall bear the burden of demonstrating the unreasonableness of the OUCC's request. In seeking a resolution of access disputes, the parties agree that time is of the essence, and the intent of the parties is that the Commission's review of such disputes will be facilitated by the parties so that the review can be as expeditious as possible.
18. All complaints relating to these Affiliate Guidelines and the Cost Allocation Guidelines, whether written or verbal, shall be submitted to the general counsel of the Utility or the Utility's highest-ranking legal employee ("general counsel"). The general counsel shall acknowledge to complainant such complaint within five (5) working days of receipt. The general counsel shall conduct a preliminary investigation and prepare a written statement of the complaint which shall contain the name of the complainant and a detailed factual report of the incident or incidents, underlying the complaint, including all relevant dates, companies involved, employees involved, and the specific claim. The general counsel shall communicate the results of the preliminary investigation to the complainant in writing within twenty (20) days after the complaint was received including a description of any course of action to be taken. In the event the Utility and the complainant are unable to resolve the complaint, the complainant may file a complaint with the Commission. Any complaint filed with the Commission before it was filed with the Utility under this section shall be held in abeyance while the procedures outlined here are followed. The general counsel shall keep a log of all complaints for a period of not less than three (3) years and shall keep such a log available for inspection by the IURC, OUCC, and complainant.
19. All transactions between the Utility and its Affiliates shall be in accordance with a written contract filed with the IURC pursuant to I.C. 8-1-2-49. The Utility shall maintain sufficient records of all such transactions for at least three (3) years so as to allow for a complete and thorough audit.
20. The Utility shall meet with the OUCC to review all proposed Affiliate contracts. Upon filing of Affiliate contracts with the IURC, copies of such contracts will be delivered to the OUCC. Affiliate contracts shall be governed by Indiana law and these Affiliate Guidelines and the Cost Allocation Guidelines. To the extent the Guidelines contain provisions or commitments that go beyond what would otherwise be required under Indiana law, the Guidelines shall control. The OUCC reserves its rights to challenge such contracts at any time.

AFFILIATE AND COST ALLOCATION GUIDELINES

PROCEDURES FOR FILING AFFILIATE CONTRACTS

All Affiliate contracts shall be filed with the IURC and be in conformance with these Guidelines, the Cost Allocation Guidelines, and Indiana Law. Such contracts shall be available for public inspection, except to the extent that information is protected from public disclosure under Indiana law. These Affiliate Guidelines in no way affect the IURC's duties and/or authority under Indiana law to inter alia investigate such contracts, hold public hearings related to such contracts, and/or disapprove such contracts. These Affiliate Guidelines also in no way affect the OUCC's right to inter alia initiate investigations of such contracts.

ANNUAL INFORMATIONAL FILING

The Utility shall file annually with the Commission and provide copies to the OUCC the following information concerning the Utility's Affiliates and its non-regulated activities.

1. The names and business addresses of the officers and directors of each Affiliate that has transacted any business with the Utility during the previous twelve (12) months. For each such Affiliate, the Utility shall also provide the following in its annual informational filing:
 - a. The Affiliate's name and a description of the Affiliate's primary line(s) of business and a description of the nature of the Affiliate's business with other non-affiliated entities.
 - b. A schedule detailing and summarizing the nature and the dollar amounts of the transfers of assets, goods, and services between the Utility and the Affiliate that took place during the applicable twelve-month period.
2. A listing of all contracts currently in effect between the Utility and the Affiliate indicating the nature of the transactions, the date the contract became effective, and the contract's expiration date.
3. A corporate organization chart, which shows the parent holding company, the Utility, its Affiliates, and their relationships to one another.
4. A description of the methods used to identify, value, and record transfers of assets, goods, and services between the Utility and its Affiliates.
5. A description of the methods used to allocate federal and state income tax expense, payments, and refunds to the Utility and its Affiliates.
6. A description of sharing of personnel between the Utility and its Affiliates during the twelve-month period.
7. A log of complaints maintained by the Utility under section 18 of Specific Affiliate Guidelines.
8. A listing and descriptions of all non-regulated activities engaged in by the Utility, including the amount of revenues and expenses generated by each such non-regulated activity.

These annual informational filings shall commence on the date thirty (30) days after the effective date of the Commission's approval of these Affiliate Guidelines, and shall repeat thereafter at the end of the Utility's fiscal year. These annual informational filings shall not serve or be interpreted as a pre-approval process.

AFFILIATE AND COST ALLOCATION GUIDELINES

COST ALLOCATION GUIDELINES

The OUCC and Indiana Gas Company, Inc. (“Utility”) (collectively “Parties”) have negotiated in connection with Cause No. 41465 the following Cost Allocation Guidelines to govern the allocation of costs between the Utility and its Affiliates. The OUCC retains all of its rights and authority to dispute the reasonableness of and/or recovery of all Utility costs, including those to which these Cost Allocation Guidelines may be applicable. Mere allocation of costs under these guidelines does not predetermine the reasonableness of rate recovery of such costs. The Parties agree that these guidelines are intended to be enforced by the IURC, and they shall become effective upon their approval by the IURC. The OUCC and Utility may through negotiation and agreement, jointly petition the IURC for modifications to these Cost Allocation Guidelines, in which case they would have the burden of proving any proposed change is in the public interest considering all relevant factors, including, but not limited to, price of service and the impact on competition. If either the OUCC or Utility desires changes to these Cost Allocation Guidelines and is unable to obtain agreement from other party for such changes, then the party desiring changes may petition the IURC for the desired changes and bear the burden of proving that such changes are in the public interest. However, such petitions shall not be filed without first attempting to obtain the agreement of the other party. Subject to the following sentence, anyone else seeking a change to these Cost Allocation Guidelines may also petition the IURC and would bear the burden of proving that the proposed changes are in the public interest. However, any such petition shall not be filed without the Utility and the OUCC first being notified and given a reasonable opportunity to consider the proposed change. The Commission may also make modifications to these Cost Allocation Guidelines on its own motion, after notice and hearing.

These Cost Allocation Guidelines should be read in conjunction with the “Affiliate Guidelines” developed by the OUCC and Utility and also approved by the Commission in Cause No. 41465. Subject to Section H of the Settlement Agreement in Cause No. 41465, the Affiliate Guidelines and the Cost Allocation Guidelines govern all current and future affiliate relationships between the Utility and its Affiliates with the limited exception that the Commission may approve an Affiliate contract that differs from these Guidelines if the Utility files a petition requesting an exception from the Guidelines and satisfies its burden to demonstrate that such contract is in the public interest considering all relevant factors, including, but not limited to, price of service and the impact on competition.

The following Cost Allocation Guidelines govern the allocation of costs associated with “shared corporate support and administrative services” which have been defined in the Definition section of the Affiliate Guidelines and which may be shared with other companies/affiliates within the CenterPoint Energy organization. By their nature, these costs are associated with functions and operations that are shared and not separate. The allocation methods should apply to those Utility Affiliates who share corporate support and administrative functions in order to prevent subsidization from the regulated Utility and ensure equitable cost sharing among the regulated Utility and its Affiliates. The pricing of “shared corporate support and administrative services” to the Utility shall be based on cost and be in accordance with these Cost Allocation Guidelines.

AFFILIATE AND COST ALLOCATION GUIDELINES

DEFINITIONS

See the definitions section of the Affiliate Guidelines for the definitions of terms used in the Affiliate Guidelines.

GUIDELINES

1. No Cross-Subsidies. The Utility shall not subsidize Affiliates or non-regulated activities.
2. The Utility shall maintain and utilize an accounting system and records that identify and appropriately allocate costs between the Utility and its Affiliates.
3. The Utility's costs for jurisdictional rate purposes shall reflect only those costs attributable to its jurisdictional customers.
4. The Utility and all Affiliates that share corporate support and administrative services shall maintain documentation including organizational charts, accounting bulletins, procedure and work order manuals, or other related documents, which describe how costs are allocated between regulated and non-regulated services or products.
5. Affiliates shall be charged an appropriate and reasonable allocation of all shared corporate support and administrative costs incurred on their behalf. These costs include, but are not limited to, those associated with shared facilities and other corporate overheads.
6. To the maximum extent practicable, shared corporate support and administrative costs should be accumulated and classified on a direct cost basis for each asset, service, or product provided.
7. The shared corporate support and administrative costs that cannot be directly assigned per item (6) above, should to the maximum extent possible be allocated to the Utility and its Affiliates and to the service or products to which they relate using relevant allocators which best reflect or consider the cost causative characteristics of the product/service being provided.
8. Where allocation/assignment pursuant to (6) and (7) is not practical, general allocation factors shall be utilized to allocate all remaining costs between the Utility and its Affiliates and between service and product lines ultimately provided by the Utility and its Affiliates.
9. The allocation of capital costs between the Utility and its Affiliates (incurred in the provision of "shared corporate support administrative" services) shall be based on the following:
 - a. The cost of capital used for such allocations shall equal the Utility's weighted average cost of capital as last found by the Commission.
 - b. Depreciation shall be charged on a straight-line basis. Depreciation rates used for such allocations shall be consistent with the accepted useful life of the asset(s) and in accordance with generally accepted accounting principles and regulatory accounting requirements, as applicable.

AFFILIATE AND COST ALLOCATION GUIDELINES

10. The Utility and its Affiliates shall maintain separate books and records, which shall be available for Commission inspection consistent with Indiana law.
11. The OUCC and its agents shall have access to officers and employees and access to the books and records of the Utility and its Affiliates as is reasonably necessary to ensure compliance with the Affiliate Guidelines, the Cost Allocation Guidelines and Title 8 of the Indiana Code. If disputes arise regarding the reasonableness of the timing or scope of requested access to Affiliate and Utility books and records, if not resolved by the parties, then such disputes may be presented to the Commission through use of an alternative dispute resolution process as agreed upon by the OUCC and Utility. During this process, Utility shall bear the burden of demonstrating the unreasonableness of the OUCC's request. In seeking a resolution of access disputes, the parties agree that time is of the essence, and the intent of the parties is that the Commission's review of such disputes will be facilitated by the parties so that the review can be as expeditious as possible.
12. The cost assignment/allocation methodologies discussed herein are applicable to shared corporate support and administrative services. The Utility's procurement of all other goods, services, assets, and other resources shall be on competitive terms, consistent with the public interest and in compliance with the Affiliate Guidelines and the Cost Allocation Guidelines.

AUDIT REQUIREMENTS

Each year an independent auditor appointed by the OUCC shall do an audit. OUCC staff members may assist the auditor. The purpose of the audit shall be to ensure that the Utility complies with these Cost Allocation Guidelines. Any violations of the Cost Allocation Guidelines shall be noted and explained in the auditor's report, a copy of which shall be provided to the Utility, the Commission and the OUCC. CenterPoint Energy shall annually contribute up to \$50,000 toward the auditor's costs/fees.

AFFILIATE AND COST ALLOCATION GUIDELINES

Customer Call Handling Process

Outline of Customer Call Handling Guidelines and Infrastructure

In order to provide for the operation of an efficient, high quality call center operation that handles customer calls and information in a manner consistent with the terms of the Affiliate and Cost Allocation Guidelines, this outline has been developed. The intent is to describe the guidelines for customer call handling and the requirements for separation between staff handling calls about regulated services and staff handling calls about non-regulated services. The key components include:

- **Staffing** A separate non-regulated service call handling staff including a separate exempt supervisory leader is required.
- **Separation** Personnel devoted to handling calls related to regulated utility service will be physically separated from personnel handling non-regulated service calls through, at a minimum, the use of high height partitions and panels.
- **Data** A data firewall will be created to require customer permission before non-utility related staff can access utility customer records. Acquisition of utility customer usage and billing history data will be with customer permission and consistent with Specific Affiliate Guidelines 9 and 10.
- **Costs** Call center costs will be allocated per the Cost Allocation Guidelines. Any charges made to providers of non-regulated services will be reasonable and non-discriminatory.
- **Process** Attached are summary call handling flowcharts and a script which have been developed to more specifically describe the process to be used in the event that the utility offers an energy choice program to its residential and small commercial customers in the future.
- **Monitoring** The IURC and OUCC will be able to monitor compliance with the Guidelines through the provision of access to customer calls. The IURC and OUCC (or their agents) will also be able to make on site visits and inspections of call center facilities.

AFFILIATE AND COST ALLOCATION GUIDELINES

Call Handling Script -- For Inquiries Regarding Non-Regulated Energy Services

Mr./Ms. Customer,

I am very sorry but I can't directly handle this for you, but I can get you in touch with somebody who can.

I can give you a telephone number from which you can get more information about the providers of these services, including our affiliate_____. This telephone number is: *(give telephone number)*. If you have access to the web you can get this information on the web site. The web site address is: *(give web address)*.

[If you prefer, I can transfer your call now to one of these service providers. *(see note)*]

By the way, the providers may want to review your customer records. Do we have your consent to release this information at their request?

Note: The paragraph references call transfers and will only be part of the script if CenterPoint Energy can offer the call transferring.

Call Handling Process Summary

Customer Permission and Information Transfer Summary

1. Customer permission may be accomplished via voice, electronic, or written form.
2. Unregulated entities to sign a participation compliance agreement which includes agreement not to misrepresent customer records sharing permission/approval or the level of account authority agreed to with the customer.
3. Validation of customer permission/account authority will be audited via monthly sampling and customer complaint tracking.
