

Winter weather preparation

How to build your emergency winter supply kit

Optional supplies include trash bags, paper towels, portable propane heater and entertainment items that don't require batteries.

Safety tips

- Keep your **furnace filter** clean for safe, efficient operation
- Don't overload **outlets** and be mindful of how many items you connect to extension cords
- Use **space heaters** safely and never use stoves and ovens for heating
- Check your **carbon monoxide (CO)** and **smoke alarms** monthly
- If you smell **natural gas**, leave on foot to a safe location and call CenterPoint Energy and 911
- Be mindful of where you place a **generator** and be sure to follow manufacturer's guidelines
